

THE MESSAGE OF SOLIDARITY OF

**The Organization of the Iranian
People's Fedaii Guerrillas to:**

THE PALESTINE

LIBERATION

ORGANIZATION!

**to: The Heroic People and the
Revolutionary Forces of Lebanon!**

Accept our warm greetings (Salutes) !

Your brave resistance against the aggressive Zionist army and its Lebanese collaborators has brought the masses onto the stage of history. Your heroic resistance against the enemy, particularly after the unilateral and submissive cease-fire of the Syrian army which left your position vulnerable to enemy fire, again proved to all militant people of the world that the Palestinian Revolution has preserved its identity and further its struggle in spite of all conspiracies aiming into submission.

We, the Organization of Iranian People's Fedaii Guerrillas, along with the militant and oppressed people of Iran, continue in solidarity with your struggle.

The Islamic Republic regime of Iran, contrary to all its hypocritical propaganda about freeing (Ghoads) Jerusalem, has given its active support for the reactionary "Amal" organization which has a history of opposing the Palestinian Revolution and has paved the way for the Zionist aggression to Southern Lebanon.

The Islamic Republic regime of Iran actively suppresses the struggle of Iranian people and their revolutionary organizations inside Iran. This regime has perpetrated a war against the neighbouring Arab country of Iraq. This regime has bought arms and other necessities from Israel. This regime has placed obstacles in the path of Iranian militants who seek to actively support your struggle. This regime has executed many Iranian revolutionaries who for years had fought alongside the Palestinian masses. All of this is evidence for the collaboration of the Islamic Republic regime with the Zionist aggressors.

Today, the hypocritical character of all the reactionary rulers and governments, who by their shameful silence with regard to Israel's aggression take part in the suppression of your armed struggle, has become evident. The policies of these governments are never in harmony with the goals of their people. The predictable action of Haafez Assad,

the Syrian President, in agreeing to the ceasefire and leaving the barricades, is another example of the compromising nature of the Arab regimes who have once more stabbed the Arab people and the Palestinian revolution in the back.

Again, we declare that despite all the demands of the struggle in Iran against the reactionary regime of Khomeini, we are prepared to join you at the barricades to fight against the Zionist aggression whose aim is not merely the destruction of the Palestinian movement but the destruction of all the revolutionary movements in the Middle East and in the world.

We, too, call on all revolutionary and progressive forces of the world to unanimously rise up in supporting the heroic resistance of the Palestinian and Lebanese masses.

LONG LIVE REVOLUTION !

LONG LIVE THE PALESTINIAN RESISTANCE MOVEMENT AND THE NATIONAL PROGRESSIVE LEBANESE MOVEMENT !

LONG LIVE INTERNATIONAL SOLIDARITY !

DOWN WITH THE IMPERIALIST-ZIONIST-REACTIONARY PLOT OF INVADING LEBANON !
