

DOWN WITH CARTER'S AGGRESSIVE MIDDLE-EAST "PEACE" FRAUD!

On Monday, March 26, Jimmy Carter presided over the signing of a so called "peace" treaty between Egypt and Israel. All the big capitalists and the news media are praising Carter to the skies as a "man of peace". But all the talk about peace has a hollow ring to it.

If Jimmy Carter is really bringing peace to the Middle East then why has the U.S. government announced plans to spend between \$5 and 15 Billion to arm the Israeli Zionists and the reactionary Egyptian regime of Sadat? In fact, the government of the U.S. billionaires headed by Jimmy Carter is not bringing peace to the Middle East but is in fact preparing more aggressions against the Palestinian and other Arab peoples. Carter's so called Middle East peace is in fact also a dangerous preparation for war between the United States and the Soviet Union over which oil monopolies will plunder the oil of the Middle East.

Carter has arranged this "peace" agreement between Egypt and Israel in order to strengthen the role of the Israeli Zionists, with the help of the Egyptian regime of Sadat, as defenders of the "interests" of the U.S. imperialists and as hangmen of the revolutionary struggle of the Arab people. That is why the "price tag", as Carter's spokesmen call it, of this treaty is to further arm Israel primarily, but also Sadat, to the teeth.

The state of Israel was founded as an artificial base of imperialism against the Arab people. From the start the Israeli Zionists carried out aggression and murder against the Palestinian people in order to drive them from their homeland. The current Zionist Premier Begin personally supervised the cold-blooded murder of over 250 Palestinian men, women and children in the village of Deir Yasin in 1948! Israel, which has always been armed to the teeth by U.S. imperialism, has expanded its territory through four aggressive wars against Palestinian and other Arab people. For Sadat to come to an agreement with the butchers in Tel Aviv is itself the lowest betrayal of the Arab people. It is a move to help the Israeli Zionists launch further aggression against the Palestinians and people of the other Arab countries. In fact, shortly after Carter's "peace" initiative began in the fall of 1977 with Sadat's trip to Israel, the Israeli Zionists feeling secure on their southern front showed what peace loving gentlemen they are by invading Southern Lebanon. They massacred thousands of Palestinian refugees and Lebanese peasants and drove over 250,000 people from their homes. This is the real meaning of the "peace" Carter is planning.

The Egypt-Israel Pact engineered by Carter is also an attempt by U.S. imperialists to recover from the blows they suffered from the Iranian revolution. The glorious revolution of the Iranian people, which has so far overthrown U.S. imperialism's loyal hangman the Shah of Iran, has also thrown the U.S. imperialists, the Soviet social imperialists and all the reactionaries into a panic. They are afraid that the revolution will spread and destroy their paradise which has been built on the backs of the peoples. All the imperialists and reactionaries have been scrambling to strengthen the positions from which they suppress and exploit the people of the Middle East, and plunder their resources. The imperialists and the reactionaries are also strengthening their positions for a fight with each other over who gets the lions share of the loot.

For its part the Carter Administration has not only concluded an aggressive pact between Egypt and Israel, it has also stepped up military aid to the barbaric feudal regimes of Saudi Arabia and Jordan. It has announced plans to station more U.S. troops in the Middle East and has threatened to use them against the revolutions of the Arab people and to fight the equally greedy Soviet social-imperialists.

In spite of all these efforts of the imperialists, the Zionists and the local reactionaries to suppress the Palestinian and other Arab people, the Palestinian people and the people of other Arab countries remain undaunted. They have condemned everywhere, uncompromisingly, the reactionary pact between Egypt and the Israeli aggressors with demonstrations and strikes. The Palestinian people have escalated their struggle against the Israeli Zionists and their occupation troops. It is only the victory of Arab people over the imperialists, the social-imperialists, the Zionists and the local reactionaries which will bring peace to the Middle East. We must support this struggle which the Palestinian people and people of the other Arab countries are waging against our common enemies.

Carter is the most cynical imperialist who carries out the most sinister preparation for war behind the facade of being a born-again Christian peace maker. Earlier this year Carter announced another of his "break throughs for peace" --the new alliance between China and the U.S., and Teng Hsiao Ping's visit to the U.S. This fraud was also quickly exposed. No sooner did the chieftan of the new Chinese social-imperialists leave the U.S. than China invaded Viet Nam with Carter's blessing. Today the U.S. government is rapidly moving to reinstate the draft, which is also called a measure for "peace and security". The reason Jimmy Carter has to talk so

(over)

much about "peace" and "human rights" while he prepares for wars and suppresses the just revolutions of the peoples is that he knows if he is too open the proletariat and people, including the American proletariat and people will quickly rise up in revolt against the oppression of the imperialists and against the slaughter which they are preparing.

The imperialists and social-imperialists and all the reactionaries in the world today are in a grave crisis. They are fighting with each other and they are unable to stem the growing revolt of the people. It is not in the interest of world peace nor of the working class to help the imperialists out by supporting either the sham "peace efforts" or the real war preparations of the U.S. imperialists. The social chauvinist union leaders and the phoney communists of the Teng Hsiao Ping variety who tell the workers to support these activities of the U.S. imperialists are warmongering traitors to the working class. Instead it is the duty of the Marxist-Leninists and revolutionary workers in the U.S. to expose the Carter Administration's phoney talk of peace and to mobilize all the working masses into revolutionary opposition to the aggressive and warmongering activities of the U.S. imperialists, to weaken the U.S. monopoly capitalist dictators and to overthrow them.

TO DEFEND MARXISM-LENINISM AND PROLETARIAN INTERNATIONALISM

While the U.S. imperialists are organizing a great extravaganza in Washington this week to deceive the people, the international proletariat is organizing a great revolutionary rally in Montreal to tell the truth, to defend Marxism-Leninism and proletarian internationalism.

Thousands of Marxist-Leninists and revolutionary workers from all over North America will attend this rally organized by the Communist Party of Canada (Marxist-Leninist). This rally will be addressed by revolutionary vanguard parties of the working class from 11 different countries, including Albania, the only genuine socialist country in the world today. It will be addressed by the glorious Party of Labour of Albania, by the Communist Party of Brazil, by the Revolutionary Communist Party of Britain (Marxist-Leninist), by the Revolutionary Communist Party of Chile, by the Communist Party of Germany (Marxist-Leninist), by the Communist Party of India (Marxist-Leninist), by the Workers and Peasants Communist Party of Iran, by the National Liberation Movement of Trinago (Trinidad and Tobago), by the Central Organization of U.S. Marxist-Leninist, and by Bandera Roja Party of Venezuela.

This rally will oppose the confusion which is being created by imperialism and revisionism. It will tell the plain truth that the only way out of the grave crisis which imperialism has created is for the proletariat to lead the social revolution for national liberation and socialism. It will call for the overthrow of all the imperialists, social imperialists and reactionaries, be they U.S., Soviet, Chinese or what not. It will expose the Soviet, the Chinese and other revisionists as the enemies of Marxism-Leninism and the cause of the proletariat that they are, and will call for a resolute struggle against all the revisionist traitors as the only way to advance the revolution. It will uphold the life and work of Comrade Stalin whom all the imperialists and revisionists from Nixon to Titó to Kruschov and Teng Hsiao Ping hate so much.

The Marxist Leninist Parties will report to the revolutionary workers of Canada and the U.S. on the revolutionary struggle which is being waged against the imperialists and reactionaries in their own countries and they will support the revolutionary struggle which is being waged in North America and through out the world.

This rally will be a powerful force to defend revolutionary Marxism-Leninism in North America and to strengthen the unity and solidarity of the International Marxist-Leninist Communist movement and of the workers of all countries!
