TO ALL ORGANIZERS

Dear Comrades,

Pathfinder Press has recently issued a new pamphlet entitled Secret Documents Exposed: FBI Plot Against the Black Movement. The pamphlet reproduces in full the secret FBI memos on the Black movement which were released in March to NBC reporter Carl Stern. The significance of the memos is analyzed in an article by Militant columnist Baxter Smith. Smith's article was first published in the May, 1974, issue of The Black Scholar.

The YSA can play an important role in helping to gain wide distribution of the information in this new pamphlet. Many locals will want to order a consignment soon to take maximum advantage of the remaining school year to sell this pamphlet on literature tables, hawk it at political events on campus and get it out in other ways. The pamphlet should be particularly useful in our work with Black high school and college students.

Order from: Pathfinder Press, 410 West Street,
New York, N.Y. 10014. The cover price is \$.35.

Comradely,

Steve Clark
