TO NC MAJORITY:

Dear Comrade:

Enclosed, for your information, are a number of items which are self-explanatory. We first learned of the secret negotiations for "fusion" between Boulton and Co. and the Marceyites from our youth comrades in Madison who have been in touch with a youth comrade from Milwaukee on the Madison campus.

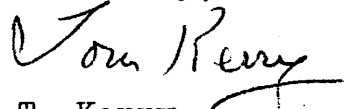

This "rumor" was later confirmed by a report from comrade Dave F. (see enclosed) of several conversations he had with a member of Youth Against War and Fascism.

Further confirmation came in the report (enclosed) from Mary-Alice who attended a branch meeting in Milwaukee while on national tour.

It is against this background that we received from the youth a copy of the Eyman document, "Red Guards and White Socialists," submitted to the youth with the request that it be published for their pre-convention discussion.

The Political Committee has taken action to suspend Eyman for this flagrant violation of party organizational principles pending further investigation by the Control Commission. (See PC Minutes, No. 41, March 16, 1967, for motion and copies of Eyman document.)

Comradely,

T. Kerry
