To All Party Branches:

Dear Comrades:

By vote of a 78 percent majority of the regular members, the National Committee has suspended Comrade Arne Swabeck from membership in the party. The action has been taken through a poll of the National Committee on a June 22 motion of the Political Committee. Copies of the Political Committee motion, along with the Swabeck letters of June 2 to G. Healy and June 5 to F. Dobbs, are attached.

As provided by the party constitution, the suspension of Comrade Swabeck -- who is an advisory member of the National Committee -- remains subject to final decision of the party convention, but in the meantime he is barred from all rights as a member, except the right of appeal to the national convention from the disciplinary action taken against him.

A review of the Swabeck case by the Political Committee, together with opinions expressed by National Committee members who have disagreed on various grounds with the Political Committee motion, will be published in the party discussion bulletin.

Comradely yours,

Farrell Dobbs

National Secretary**
