June 17, 1968

Dear Comrades,

This continues a series of communiques to all comrades, black and non-black, involved in black struggle work. We will try to summarize local reports that will give everybody a picture of what's going on nationally. This communique is an internal matter of the SWP-YSA. Its purpose is to spark and help guide our intervention in the black liberation movement. And it will also serve to heighten the consciousness of the party and the YSA to the needs of work in this arena.

Comradely,  
Clifton Deberry, chairman  
Elizabeth Barnes, secretary  
New York Black Work Fraction
