Farrell Dobbs
Socialist Workers Party
New York

Dear Comrade Dobbs:

Apparently, the recent dispute in the Socialist Workers Party has become known outside our own ranks.

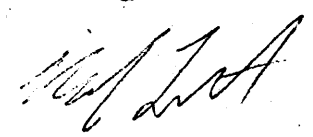

Last week, I was approached for "discussions" by spokespersons from the International Socialists (I.S.)

Naturally, my response was in accord with Party norms.

I am sending carbons of this letter to Comrades Barbara Gregorich and Larry Trainor, for their information; to the International Marxist Group, since the I.S. is a close affiliate of the British tendency headed by Tony Cliff; and, to Comrade Joe Hansen, because of the possible international interest.

Contact me if you have any questions about this matter.

Comradely,

Ralph Levitt
