TO BRANCH ORGANIZERS

Dear Comrades,

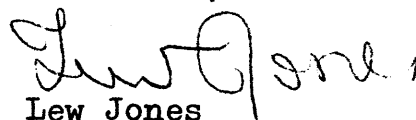

Comrade Lars, a representative chosen by the IEC Majority Tendency Steering Committee, will be touring the SWP branches from December 1-16. The proposed tour schedule is below.

Each branch can decide what format it prefers for the special meeting. The alternatives are a presentation by Comrade Lars, followed by questions and discussion from the branch members; a debate between Lars and a member of the LTF in your branch, followed by questions and discussion; a debate between Lars and a representative of the international Leninist-Trotskyist Faction, followed by questions and discussion.

In most cases, it will probably not be necessary to have an international representative of the Leninist-Trotskyist Faction, although some branches may prefer this.

YSA members should be invited to observe these special meetings as observers if the branch has no objection.

Comradely,

Lew Jones
SWP National Office
