To All Organizers

Dear Comrades,

Within the next two months we plan to issue a new "Introducing the YSA," bringing it up to date and changing the format somewhat.

At present we still have on hand approximately 7000 of the current "Introducing the YSA" which we want to distribute before we begin using the new brochure. This means the locals will have to be conscious of using the brochures as widely as possible in the coming weeks.

In order to facilitate their distribution and lessen the expense to the locals, we will charge only $\frac{1}{2}$ ¢ apiece for the remaining brochures. Thus 1000 would cost only \$5.00. We plan to divide the remaining copies according to the size of the locals and their possibilities for distributing the brochures, and mail them out soon.

If your local already has a large quantity on hand, or if you have extremely limited openings for using the brochures, please notify the NO immediately so that we can take it into account in sending them out. Locals should keep in mind that there are many ways to use the "Introducing the YSA." It can be distributed on campus, stuffed into each YS or Militant, handed out at demonstrations and forums, mailed out to contact lists, and with a little ingenuity we should have no trouble introducing 7000 new youth to the YSA.

Comradely,

Mary-Alice Waters
Mary-Alice Waters
