### GUIDE TO THE SUBJECT INDEX

• This subject index covers issues of *Workers Vanguard* published during 2004, from issue No. 817 (9 January) through the end-of-the-year issue No. 838 (10 December). During this time, *WV* was published biweekly, except skipping three alternate issues in June, July and August, and skipping the last issue in December.

• The fullest listing is by SUBJECT. Subject headings are arranged alphabetically. Entries are listed chronologically with two exceptions: all entries comprising a series are listed together immediately following the first entry of the series; corrections immediately follow the relevant entry. An asterisk (\*) after the page location of an entry indicates that a correction follows.

• Entries are listed under subject heads. In some cases, subject heads are broken down into subcategories. These subcategories are listed immediately after the initial subject head and preceded by a dot (•). The numbers following each entry headline give the issue number, date and page number(s) for the article. Thus:

Fight Sinister Government "Terrorism" Smear, #836, 12 Nov. (16, 13)

means the headline of the article, issue No. 836, dated 12 November 2004, beginning on page 16 and continuing on page 13.

• No entry is listed twice; refer to cross references for guidance in locating the subject head for particular articles. Cross references are of two types: those following the word "see" deal centrally with the subject head; those following the words "see also" are related articles. Subject heads in cross references are separated by a semicolon, while subcategories of subject heads are separated by a comma. Thus:

Sex Witchhunt—See **Black Question; Britain; Civil Liberties: General, Cases; U.S.: General.** See also **Mexico.**

means that articles about the anti-sex witchhunt can be found by going to the subject heads **BLACK QUESTION** and **BRITAIN**; by going to the subject head **CIVIL LIBERTIES** and looking under the subcategories **General** and **Cases**; and by going to the subject head **UNITED STATES** and looking under the subcategory **General.**

Related articles can be found by going to the subject head **MEXICO.**

• Individuals mentioned in articles are usually not listed separately unless the article is primarily about the given person. Foreign political organizations are generally listed under appropriate countries, while U.S. political organizations are listed under their organizational names.

• Articles relating to foreign countries are listed under geographical headings and not normally under any other subject heading. Articles which deal centrally with U.S. foreign policy will be found under **U.S.: International Relations**, except those articles that refer to the U.S. invasion of Iraq, which will be found under **IRAQ: U.S. War and Occupation**. Articles dealing with domestic aspects of the "War on Terror" are located under **CIVIL LIBERTIES: General**; those dealing particularly with attacks on immigrants will be found under **IMMIGRATION.**

• Articles on protests that take place on a campus will generally be found under the subject of the protest. Protests on miscellaneous subjects will be found under **CAMPUS PROTESTS**. Articles that concern repression on campus by the administration or attempts by government or right-wing forces to repress the political views of students and faculty will be found under **CAMPUS REPRESSION.**

• The periodic columns by death-row political prisoner Mumia Abu-Jamal are listed under the subject heading **ABU-JAMAL** in the subcategory **Message from Death Row**; articles on his case and the campaign to free him are in the subcategory **Defense Campaign.**

• Articles under the *Class-Struggle Defense Notes* (CSDN) masthead are by the Partisan Defense Committee, a class-struggle, non-sectarian, legal and social defense organization associated with the Spartacist League.

• Abbreviations used in entries are:

C: Correction
