

DECAYED RABBITS SOLD AT BUFFALO MARKETS

Health Department Refuses to Confiscate Fifty Barrels of Wormy Cold Storage Rabbits — Same Old Story "Nobody to Blame."

Fifty barrels of rotten rabbit meat belonging to J. H. Gall, commission merchant, refuse in the Buffalo Cold Storage Warehouse today. This refuse has been there since Monday, the 10th of November. The idea is that if the meat is left there long enough the maggots will freeze to death, or at least be prevented from increasing in numbers. As a matter of fact the specimens of this meat which have showed up at the Chippewa Market show no signs of decay.

A representative of The Buffalo Socialist bought some of this choice food Saturday night and the next morning found it swarming with worms. Investigation revealed the fact that the meat came from J. H. Gall, who thought so much of it that he pickled it in cold storage. Where these rabbits came from in the first place is unknown, but it is rumored that they were shot in the wilds of Russia about ten years ago.

The Buffalo Socialist has made a conscientious attempt at having this meat confiscated by the local authorities, but has not met with great success. Dr. Heath, food inspector, has ordered that the meat is not to be moved without notifying his office. The health department maintains that they have no power to confiscate this meat unless an attempt is made to put it on the market. A representative of the Buffalo Socialist has proved that this meat was actually placed on the market and is the face of a report by the health department's own examiner, who saw the rabbit purchased and reported its condition. They still refuse to confiscate this menace to the health of the city.

The pitiful inefficiency of the city government and the laxity of its officials was never more clearly shown than in this brazen offering of rotten cold storage meat to the citizens of Buffalo. Where are the inspectors, appointed by the men whom you have voted into office? Why should the health department refuse to do its duty towards the Buffalo Cold Storage Warehouse and J. H. Gall?

The city officials admit that this rotten condition of affairs exists, but they

tumble over each other in attempting to shift the responsibility. Dr. Proczak refused the matter to Dr. Heath, food inspector. Heath had his men investigate the matter and confirmed the fact that the food was bad and that it came from cold storage as discovered by the Buffalo Socialist. He then disclaimed further responsibility and said that the Agricultural Bureau was the proper authority to take action. Away we hastened to the State Bureau of Agriculture in White Building and there the secretary, Mr. John T. Conklin, sent our representative to Dr. Edgar Clark of the State Board of Health. Dr. Clark pleaded not guilty and sent us back to Dr. Proczak's office, from whence we had started in this search for somebody with enough backbone to act on behalf of the city.

Mr. Sneider, Dr. Proczak's secretary, had the gall to suggest that your humble servant bring suit against the offenders. We begin to wonder just what the real purpose of the Health Department is. An unspeakably rotten condition of food is "booked" by them and then prove themselves true public servants by saying to the people "go ahead and prosecute yourself."

What is to be done about this meat? Are you going to permit this affair to be whitewashed and allow J. H. Gall to sell his refuse in the poorer sections of the city, or ship it away to kill your fellow workers in some other city? The answer rests with you, the citizens of Buffalo. A thousand letters must be written to Dr. Proczak at the Health Department, Municipal Building, demanding that fifty barrels of rotten rabbits be pulled out into the light of day and treated to a good soaking of coal oil. The same treatment should be accorded the man who tried to put this refuse on the market.

In the meantime, let us hear from the persons who were victimized into buying wormy cold storage rabbits. Write us a letter and get the signatures of two witnesses if possible. Your assistance is needed in dumping the refuse of the men who are making it a dumping ground for carrion.

CENTRAL COUNCIL PROPOSES TO BUILD LABOR TEMPLE

At the last meeting of the Central Labor Council a committee was elected to report on ways and means with which to build a labor temple. The necessity for such a place, which will provide halls and conveniences for meetings, is increasing with the number of new unions coming into existence. A big hall, which could be used for many meetings and lectures for the workers, should be one of the features of the building.

Last Thursday's meeting was one of the largest held by the Council, about 100 delegates being present. The Secretary reported that there are now 80 unions affiliated with the Council.

One of the startling features of the meeting was the report that the Mechanics' Union was taking a very unfair stand towards the Council, and the secretary was ordered to communicate with out-of-town musicians, with a view to securing music for local affairs. It appears that the union has constituted itself as a labor trust through the prohibitive price of its initiation fee, and as a result over two hundred local musicians have joined the I. W. W. Such practices were sharply condemned as propagating the formation of dual unions.

The Council has hired Bartender's Hall for section meetings, etc., and it to be known as Building Trades Hall. A big mass meeting for the purpose of organizing the Balchewitz will be held on Saturday.

INTERESTING DOINGS OF BUFFALO SOCIALISTS

Things are beginning to move in Socialist circles for the 1914 campaign. At the meeting of the Central Council held last Wednesday evening 75 new members were admitted to the party. Several Branches are arranging for Band School Study Classes and many lectures are planned. Branch Four has arranged for a course of five lectures. W. P. Barnard of Chicago, noted author and lecturer, will speak at the meeting of the Central Council Sunday afternoon, November 30th, under the auspices of Branches Five and Seven. His subject will be "Socialism and Revolution."

At the Kansas State Legislature, will be in Buffalo for three days in December. Plans are now under way for the exhibition in this city of the great Socialist picture play from "Dark to Dawn." Pictures in five reels and is making a hit all over the country. The State Committee is arranging a state league course for the winter. The Central Council will picture a large theatre for a series of Sunday evening lectures.

Much interest is being manifested in the coming city convention of the Socialist Party which will open at Theeese Parlors, 527 Main Street, over the Happy Hour theatre, Saturday evening, November 29th. Branches are now being organized in the city. Each branch is entitled to one delegate. The Socialist Party and hereby extend a cordial invitation to you. There will be a fine musical program which we are sure you will enjoy.

MORE ELECTION VICTORIES FOR SOCIALISM

The following is a report received from the cities and towns in Pennsylvania: A full ticket was elected in Moon Township, the largest in Beaver County. The Socialist elected were: Tax collector, assessor, auditor, two supervisors, four school directors, two judges of election, two inspectors and two registry assessors.

Ashtabula, which has 7,883 inhabitants, elected one councillor and an inspector of elections. McKeesport elected Rev. Singleton Niessner to the Council and missed electing a Mayor by only 400 votes. In Broadtop Township, Bedford County, were elected four votes, and two supervisors were elected by the Socialists. The party just missed electing a justice of the peace, where they received four votes, and an assessor, where they fell six votes short.

In Stoneboro, Mercer County, the Socialists elected all the borough officers. At this place, unlike most of the industrial towns of Pennsylvania, the enemy is still divided, which allowed the Socialists to make a clean sweep.

Wainwrightville, a city of 6,000 population, defeated Helen Elstein, Socialist candidate for Mayor, by eight votes.

At Venango, John L. Moore was elected Director of Schools, receiving the highest vote cast in the district. Several election officers also landed.

At Pitcairn, the Socialist vote held its own against the fusion of the Republican, Democratic and Washington parties. John A. Fox was elected Burgess, while I. J. Wallace, also a Socialist, was elected to the Council. Two out of three members of the School Board were also elected.

The vote in Lewistown showed a healthy increase. A. J. Dunmore polled only two less than the successful Republican candidate. In the 6th Ward "Councilmen" was defeated by only sixteen votes.

Glenn Campbell elected the following Socialists to office: High Constable, three Councilmen, Assessor, Judge and Inspector of Elections. The Socialists would have carried everything but for the combination of all opposing parties, who had the same candidates.

The Socialist campaign throughout the State was greatly handicapped by the State law which rammed in a Non-partisan Act, which prevented a designation of Socialist after the names of the candidates on the ballot. All over where the chances of Socialist victories were bright, fusion among the capitalist parties took place. In many places the Socialists were defeated by scant margins. And finally, in many places the Socialists were robbed and counted out of the polls.

PARTY MEMBERS INVITED TO CONCERT

Next Saturday evening, November 22nd, will take place the big musical event of the year in Socialist circles. The following invitation was received at the last meeting of the City Central Council: "The members of the Socialist Party are hereby invited to a concert which was adopted unanimously to give the party members through the Buffalo Socialist to attend the concert at Columbia Turn Hall. Dear Comrades: This is the 'Arboretur Manner' will hold a Grand Concert Saturday, November 22nd, 1913, at the Columbia Turn Hall, 1261-1263 Broadway Street. This concert is in honor of the One Hundredth Anniversary of Giuseppe Verdi, the great Italian composer. We would like the pleasure of the presence of the members of the Socialist Party and hereby extend a cordial invitation to you. There will be a fine musical program which we are sure you will enjoy."

BRANCHES FIVE AND SEVEN OPEN CAMPAIGN

It is a well known fact that as soon as one campaign closes the next one begins for the Socialists. This will be demonstrated at the monster propaganda meeting which will be held by Branches Five and Seven of Local Buffalo Socialist Party. This meeting to be held Sunday, November 30th, at 8 o'clock P. M. at International Hall, 240 Geneva Street, will be the opening meeting of the 1914 campaign to be conducted by the above mentioned Branches.

This is to be the starter of a series of meetings which will be conducted by the two Branches (Five and Seven) in the downtown district. These Branches, recognizing the fact that to hold successful meetings in such a large territory is a big proposition, have decided to inaugurate a series of meetings of great amount of good can be accomplished at the least possible expense.

For this occasion the committee in charge have been successful in securing the services of W. P. Barnard of Chicago, Ill. Mr. Barnard is well known as a lecturer of force and eloquence and those who have heard him before will surely be on hand. The subject that has been chosen for this meeting is one on which the lecturer is well able to talk, viz., "Socialism and Evolution."

Remember, a big start will mean a big campaign. If you do your share towards making this meeting a success then you will help in making our campaign a success. Don't forget the date and place. Tell all your non-Socialist friends and come yourself.

Socialist Fair at Johnson Park Hall, week December 1st to 7th inclusive. Send donations to 605 Mutual Life Building.

EVENT OF THE SEASON 'LET BE SOCIALIST FAIR

Johnson Park Hall will be Place of Delight for Socialists and their Friends During Week of December 1st to 7th — Woman's Club Making Great Preparations.

One of the events which the Socialists of this city look forward to every year is the Annual Fair which is held in Johnson Park Hall. It is for the benefit of the Buffalo Socialist. This year the Fair will be held at Johnson Park Hall, corner of South Elmwood and Johnson Park, during the week beginning December 1st and continuing until the 7th.

One of the features of this Fair will be the special nights. Every Branch of Local Buffalo will be assigned some night when they will be the special guests. There will be special nights for the Young People's Socialist League. There will be Union Nights; the Carpenters' Union; the Club Union; Moulders and Household Workers Unions will all have their night.

This will be like other fairs as far as the entertainment is concerned, only there will be a greater variety of amusements. There will be booths where you can purchase articles of, every description. Candy, Ice Cream Cones, and other refreshments will be on hand in unmeasured quantities. There will be Fish Pools for the little ones and Fortune Tellers for the big ones. And every evening there will be dancing for every one with the best music available.

The unpleasant features which seem to go with all fairs will be left out at this Fair. There will be no lists of any nature circulated in the hall. No one will be asked to buy tickets or subscribe money for anything what ever. Everybody will be out to enjoy themselves. "Have a good time" will be the slogan of the week. And in living up to the slogan, in enjoying yourself to your fullest capacity, you will then be in the support of the paper of the working class, the Buffalo Socialist. The best feature of all is the fact that while you have to pay ten cents

OLD PARTIES IN SCHENECTADY WERE SHOCKED

The old parties stopped in the midst of their rejoicing over their "victory" election night to look at each other in dismay. They profess to be shocked because Mayor Lunn did not send congratulations to the newly elected executive, J. Teller Schoolcraft. The custom of the old party candidates after the campaign to forget all their "and slinging" and to shake hands, does not penetrate the Socialist circles here, and the latter detest this hypocrisy.

They finally asked Mayor Lunn about the matter, and he frankly admitted he did not intend to "congratulate" the candidate whom he proved before election to represent the business interests.

PLAN TO FORM A COSSACK FORCE SQUELCHED

Following attacks by the Socialists in Milwaukee on the proposed to create mounted police, the resolution to appropriate \$40,000, to add 25 such officers to the Milwaukee police department, was killed 17 to 16, at protracted session of the common council. With the Socialists seven of the "non-partisans" voted against the proposition.

The mounted police as desired to serve the Merchants and Manufacturers in the case of the common council. With the Socialists, "said Ald. Welch, Socialist.

The proposition was a recommendation of Police Chief Janssen. Socialists SECURE PERMANENT HEADQUARTERS. The Socialists and trade unions of Brownsville have acquired New Palm Garden, 229 Sherman street, Brooklyn, as a permanent home. The purchasing price is said to be \$60,000.

AMERICAN FEDERATION OF LABOR HOLDING ANNUAL CONVENTION

New Form of Organization Advocated by Many of the Delegates — To Organize Plan to Meet Capitalist Combination.

Seattle, Wash.—The American Federation of Labor has been assembled in convention in this city since the 11th inst. and indications are that they will not adjourn before Saturday.

Many Socialists are delegates and as usual the fight is on between Gompers and the administration on one hand and the Socialists and a few radicals on the other. The best and most striking feature of the convention is the demand for closer affiliation of all unions, that is unions in any industry get together and strike together. This idea is being championed by the Socialist delegates who are enthusiastic supporters of industrial unionism.

President Gompers, as usual has been very careful to see that no Socialist is on any of the important committees and every effort is being used by him and his satellites to keep the "red" out.

When the American Federation of Labor got to meddling with the department idea of organization something was bound to happen. It immediately created a demand for some other thing.

The department looked good as a debating society where the delegates of international unions could annually assemble and talk matters over good naturedly. In the case of the metal trades department, hard, earnest thinking men have this year gathered and they are talking like this: "Let us combine like the capitalists, combine and combine again."

The excitement really started when the metal polishes dumped a document on the resolutions, longer urging that when one craft in the metal trades goes on strike or is locked out that all the metal trades crafts follow suit.

It is inevitable that the metal trades delegates, particularly into a stronger central body, with much greater control. It is universally agreed that craft strikes in the past have not been successful because of the lack of sympathy and understanding between international organizations.

Not much business was transacted by the convention during the first week's sessions. The first day was largely given over to listening to reports of welcome, after which the appointment of delegates on the 19 committees were announced. The remainder of the week only short sessions were held in order that the committees a chance to meet.

News that drifts from the committee meetings indicate majority and minority reports on many questions and the six will be taken with oratory the last three days when most of the committees will report.

A hot fight is expected on the Electrical Workers' controversy. Many delegates, particularly from the Pacific coast side with the so-called Reid Murphy faction, which is not recognized by the A. F. of L. The claim is made that members of the McNulty faction are taking the place of the men who are on strike against the Pacific Gas and Electric Company.

Among the delegates present who are also Socialists are: Duncan McDonald, of the United Mine Workers; Max Hayer, of the Painters; J. Mahlon Barnes, of the Cigar Makers; J. C. Skemp, of the Painters; Charles H. Moyer, president of the Western Federation of Miners; T. W. Egan, of the Glass Workers; Fred C. Wheeler, of the Carpenters; Joseph Probstle, of the Brewery Workers; Abraham Rosenberg, of the United Mine Workers; Thomas Van Lear, of the Machinists; W. D. Van Horn, of the United Mine Workers; and John H. Walker, president of the Illinois Federation of Labor.

Send donations for the fair to the Socialist Women's Club, 605 Mutual Life Building. Arrangements will be appreciated.

WOMAN'S CLUBS DO NOT WANT TO KNOW ABOUT ROTTEN MEAT

Alfred W. McCann, a New York food expert, spoke before the State Federation of Women's Clubs in Edinwood last week, and his talk left a bad taste in the mouths of the good women who find recreation in the uplift game and incidentally give up some of the swag wrung from the exploited workers by their husbands.

On his arrival in the city the speaker was asked by a committee of the federation to "go away on the main question," because local dealers had questioned the genuineness of the support of the convention, our international Hall may probably bring along the number. The club women evidently knew that diseased meats were being sold here, but they didn't want anything brought out that might have a tendency to interfere with profits on the stuff.

But Mr. McCann was not to be stopped and he handled his subject without gloves and gave out startling information as to the sale here of diseased meats, varnished ice cream, spruce pork sausage and other impure food products.

He said ice cream is made of ten gallons of condensed milk to ten gallons of fresh milk, 40 gallons of water, 4 lbs. of sugar, fruit, and four pounds of salt. He also said that the meat is made of rotten eggs, the odor having been volatilized in the baking so as to escape detection by the consumer.

Alleged pork sausage is composed of 90 per cent cereal, corn starch, potato starch and other alien products, and some things which are sold in Buffalo and adulterated articles are sold in Buffalo despite our Board of Health.

The club women were incensed at Mr. McCann's sweeping expose. They evidently wanted a talk of the harmless variety and they have decided to have nothing else in future. Truth may be crushed to earth in season and out, but it will not be assisted to rise by the Federation of Women's Clubs and hobnob.

Whenever Socialists have attained control of the powers of government, hereafter speakers appearing before them will be mentally soffled, bribed and hobbled.

Whenever Socialists have attained control of the powers of government, hereafter speakers appearing before them will be mentally soffled, bribed and hobbled.

And they must get that power to stop this unspeakable crime against society.

HOMELESS WOMEN

In the United States there are today five millions of marriageable men unmarried, and just as many girls seeking in vain for that home which, according to very respectable people, is to be their world. Why don't these women get married? Because they cannot afford it under present conditions. This capitalism does not only destroy the home, but it prevents millions of families from coming into existence. But still, we are told that woman's sphere of activity and influence is to be home. Why don't she and mother is her natural vocation.

**Socialist Party**  
**Growing Steadily**  
 Membership Over 100,000 - National Office Preparing for Campaign of 1914.

The October reports from the National office show a gain in party membership of over 15,000 since June last, bringing the total membership of the party to over 100,000.

These figures will bring cheer to every devoted party member. The weakest point in the Socialist movement in this country has always been the party organization. Then to increase this membership ought to be the absorbing work of the hour.

We have been tireless propagandists, but poor organizers. We pour money into the party organization. Then to increase this membership ought to be the absorbing work of the hour.

It is fitting and proper that the National Office should lead in this work for the rise or fall of the party membership depends on the work that the party is able to do.

The steady rise in membership since June is interpreted by the National Office to mean a response to the campaign carried on, mostly by correspondence and leaflets, for more extensive party work.

Old members are re-energized and new recruits are being attracted to the party. The steady rise in membership since June is interpreted by the National Office to mean a response to the campaign carried on, mostly by correspondence and leaflets, for more extensive party work.

**"THE TRUTH ABOUT SOCIALISM"**  
 Do you want the best of "The Truth About Socialism" the best propaganda book of the year?  
 We have not asked our readers to "hustle" for subs during the past two months, because they were all busy with the work of the campaign.  
 Now that the campaign is over we are a few subscriptions for the Buffalo Socialist.  
 Every reader of this paper can secure four months subscribers at 50 cents each. Do this and send the two dollars to the publisher, and you will receive a copy of "The Truth About Socialism."  
 There is no profit made on the Buffalo Socialist; all money is used to improve the paper.  
 At least do this: SEND IN AT LEAST ONE SUBSCRIPTION THIS WEEK.  
 Socialist Fair at Johnson Park Hall, Dec. 12-13, 7th Avenue.  
 Send donations to 605 Mutual Life Building.  
 Subscribe for the Buffalo Socialist.
