

TRY TO SNATCH SOCIALIST FROM CLUTCH OF CZAR

International Bureau Puts Unjust Act of Switzerland Before the World

SPECIAL TO THE DAILY SOCIALIST. Brussels, Aug. 1.—The proposal to deliver Vassiloff, the Russian refugee, over to the officers of the Czar to be killed, is arousing all Europe. The International Socialist Bureau has issued the following protest against this violation of the traditional right of a system which Switzerland has so long preserved.

Even at the present time civilized countries make it a rule never to extradite those refugees or even convicted of political crimes.

In recent years, for example, France refused to give up Harriman, who had taken part in an attack upon Alexander II; Italy refused to extradite Michel Gotz, accused of being a member of the fighting wing of the Revolutionary Socialist party which killed Spilargine and Pleve; Sweden refused to give up Toberniak, accused of having participated in the attack upon Stolypine.

Violates All Precedents. In spite of all these precedents, the Swiss government is about to consent to the extradition of Vassiloff, who, in the position of member of the Socialist Revolutionary party, in January, 1906, killed Kandaourav, the chief of police of Pensa.

Kandaourav had organized the massacre of women and children who were taking part in peaceful and legal manifestations. He had also organized massacres of the intellectuals and had introduced torture into the prisons as a political policy.

BUZZSAW AND MAYOR COLLIDE

Allentown, Pa., Executive Worst in Effort to Stop Socialists

SPECIAL TO DAILY SOCIALIST. Allentown, Pa., Aug. 3.—That the Hon. Harry G. Stiles, attorney-at-law, and present mayor of the city of Allentown, Pa., is a "wiser man goes without saying, as he has just had" his maiden experience with the Socialists and emerged from the ordeal in a (figuratively speaking) much battered condition.

While permitting all manner of curbstone fakirs, tape-worm specialists, religious exhorters, drilling squads, etc., to freely hold forth on the public thoroughfares of this city, it was not until the Socialists asked permission to hold a meeting that he seemed to realize the possibility of accident, liability to damages, etc., and fully displayed his provincial make-up by refusing to permit off an schedule time, a large and enthusiastic audience greeted Maurer. At the conclusion of his address, the speaker was placed under arrest, escorted to the mayor's office, permitted to appear before the bar of justice at 9 a. m. of the following day. Presenting himself at the appointed time he was told no court would be held on that day. Hunting up the mayor, he was informed that there had been no arrest.

Anxious to do the bidding of his capitalist masters, the mayor immediately busied himself with his dictionary and grammar, drew up a constitutional ordinance giving himself the

EGG SOCIALIST; MAN IS KILLED

Fitts Outrage in Greenville, Tenn., Has a Fatal Ending

SPECIAL TO DAILY SOCIALIST. Greenville, Tenn., Aug. 2.—A fatal shooting was caused by the egging of J. S. Fitts, the Socialist organizer, who spoke on the streets here recently. During the trouble, which was started when various citizens were hit by the eggs aimed at Fitts, much ill feeling was aroused. One young man was shot fatally by the sheriff, who was hit with an egg. This has divided the townspeople into two hostile camps and feeling is intensely bitter.

PITTSBURG LOST TO THE GOULDS

Abandonment of Field Part of Terms Dictated by Harriman

Pittsburg, Pa., Aug. 3.—Pittsburg has learned that E. H. Harriman has supplanted George J. Gould absolutely in this district, so far as railway improvement is concerned. It is declared that Gould, in order to make peace with Harriman and save a portion of his railroad properties, was compelled to practically relinquish the control of the Washburn Terminal, the Westinghouse and Lake Erie, the Western Maryland, and the West Side-Bell roads, and sign an agreement that he never would again attempt railroad construction east of Toledo, O.

DOOM GAMBLING ON BASEBALL

Shippy Tells Inspector to Stop It Before It Gets Headway

The baseball handbook will be wiped out of existence if police inspectors execute the order given by Chief of Police Shippy. He left his home yesterday and specifically instructed his inspectors to suppress this new form of gambling, if such existed. Saloons and cigar stores give and all demerit taking bets or allowing gambling in their places of business and a man sent out for the purpose of laying bets, failed in his attempt, as no saloon keeper or cigar store owner would take or place his money for him.

STARVATION FACES REFUGEES

Starvation faces the refugees. When caught almost unaware by the fire dozens of them appeared within their tents or no food. Hundreds scarcely took the time to properly clothe themselves.

STARTED BY FOREST FIRES

For the last month forest fires have been burning in the mountains of the Elk river valley, but they have not been considered seriously. Saturday morning a heavy wind sprang up from the west, and early in the afternoon flames appeared on the crest of the mountains to the west of Fernie.

3,000 CAMP IN THE OPEN

Three thousand people are camped there in the open, their only protection being shelters built of brush or blankets, while a constant shower of sparks from the burning area keeps falling about the camp and the inhabitants are surrounded.

WINDY AND WET

For a time communication with the town to the east was kept open, but with the burning of the bridges across the Elk river this was closed. Scattered throughout the valley are many small prairies, and all of these have their groups of refugees. The hills in all directions are aflame, cutting off every avenue of escape.

Y. P. S. L. Wants Buildings Thrown Open for Gatherings

"If the public parks belong to the public and the public is permitted the joy and the recreation there is in them, why do not the public schools belong to the public in reality and why is the public not permitted the joy and benefit that might be added to them?"

This question, which has been asked the Y. P. S. L. of education time and time again and on each occasion coldly ignored, has confronted the Young People's Socialist League in the regular course of that organization's educational work.

POLICE THINK KIDNAPER HERE

Girl Victim Is Safe at Home; Make Search for Her Abductor

Veronica Cassidy is now safe at home and search for F. J. Blair, the man who kidnaped her and sent her back home from Cincinnati, was begun yesterday in Chicago by the police.

After waiting all day for advice indicating Blair had gone east from Cincinnati, Inspector McCann took up the theory that the man had doubled on his tracks and had returned to Chicago to act on his belief.

Police officers were puzzled in trying to determine whether Blair, in telling the little Cassidy girl that he would return to Chicago "in a day or so" was clever enough to try diverting suspicion from his quarters by announcing his real intention.

Inspector McCann expressed the belief that Blair will have to come to the surface soon and by inference criticized the Cincinnati police department for letting him get past the Union station in that city with the little girl.

Blair had only about \$75 when he was here, as the inspector said. He is not a man accustomed to living on nothing and as soon as his money is gone he will make a move to get some more.

There seems to have been difficulty in finding out about him in Cincinnati, which is surprising. If that man and that little girl had come into Chicago at one of the big stations they would not have left the station without being spoken to.

Happy at Cassidy Home. At the Cassidy home, 24 Peoria street, there was a continual stream of callers who were received by Veronica in a new blue dress.

The child was much taken with some stockings and slippers that Blair had purchased for her in Cincinnati, but these were carried off by the police to be held as evidence.

Veronica is all the medicine I need," she said. "The child is here and will never go away again, unless I know well where she is going and with whom." The newspaper credit for finding her.

Consul Wilbur T. Gracey, of Tsingtau, has the following to say relative to the straw braid business in China:

The straw generally used in the province of Shantung is that secured from which it is made is gathered throughout the entire province varying in size from 20 yards square to sometimes several acres, but is never found covering large areas as in the United States.

The plaiting of the braid is carried out in certain districts of Shantung, and especially in and about the Sha River, known as the "sha ho district."

The Chinese dealers in the interior, who are located in the larger cities of the districts where the braid is manufactured, purchase from the plaiters and prepare the goods for sale to the foreign buyers.

SOCIALISTS! ATLANTIC GRAIN RATES DOUBLED

Action of Boat Lines Causes Talk Among Railroad Men

New York, Aug. 3.—The ocean freight rates on grain from New York to the ports of continental Europe have been advanced by the steamship lines. To Antwerp the rate has been doubled and to a number of other ports it has been nearly doubled.

Causes Much Comment. This advance, coming at a time when the various steamship lines are protesting to the railroads against what they term a discriminating freight rate that has diverted grain shipments from the northwest from New York to Montreal, has caused comment among railroad men.

The lines on which the new and higher rate now prevails are the Hamburg-American, running to Hamburg; the Red Star and Phoenix Pass, running between New York and Antwerp; the Holland-American line, running to Rotterdam; and the Fabre line, running to Mediterranean ports.

Rate Nearly Doubled. To Antwerp the rate which prevailed until the advance was 14d per bushel (64½ cents) of grain. The old rate on grain from this port to Rotterdam was 2½ cents per bushel. The new rate is 4½ cents. To Hamburg the old rate was 25 pfennigs per 100 pounds. The new rate is 35 pfennigs. The old rate on grain to Mediterranean ports was 10d per quarter (600 pounds). The new rate is 12½d.

FOUR NEGROES HANGED TO TREE

Mob Breaks Kentucky Jail and Drags Blacks to Their Death

Russellville, Ky., Aug. 3.—Four negroes—Virgil Tom and Robert Jones and Joe Hittley—were taken from jail here early today and hanged on a tree on the edge of town.

No shots were fired by the mob, which was composed of about fifty men, and the people of the town knew nothing of the affair until daylight revealed the four bodies dangling from a tree just outside Russellville on the Nashville pike.

Negroes Approved of Murder. The negroes who were lynched were members of a lodge, and at a meeting recently it is said they approved of the murder of James Cunningham, a white farmer, by his negro tenant, Rufus Browder. This murder occurred in the southern part of Logan county and it is supposed here that the mob was made up of men from that part of the county.

RIVER PIRATES GET AWAY WITH 5,000 SALMON. Bellingham, Wash., Aug. 3.—Two armed pirates roved up to a fish trap of the Alaska Packers' association, just south of Point Roberts, yesterday, disarmed the watchman, bound and gagged him and leaving him at the trap, made off with 5,000 salmon, worth \$2,000. Besides the fish they stole, the pirates left the trap open and allowed 25,000 more fish to escape.

GAY LIFE RULES AT COURT TRIAL

Thirty Questionable Women Arraigned in the North Side Levee

"The Gay Life" ruled in Judge Blake's court at the East Chicago avenue police station this morning. Thirty women, collected from the back rooms of saloons, were arraigned before the court, and from the upper regions of the station Peter Zink fought with a case of delirium tremens so that his shouts sounded like a crowd of revelers cheering the "Gay White Way."

'GETTA DA HOOK' GREETSS NOMINEE

Youths of the Ghetto Give Candidate Barone Lively Reception

"Getta da hook! Hooka da man Barone." Such cries as these resounded through the Ghetto district last night, when Daniel L. Barone, candidate for the general assembly on the Democratic ticket rolled through the streets in a rickety old wagon pulled by a ravenous "steed," whose movements displayed a relish for campaign work.

TRUNK THIEVES GET \$100,000

Suspects Arrested in New York for Looting Express Company

New York, Aug. 3.—The Times today disclosed the fact that the Adams Express company has lost \$100,000, according to the police estimate, through a series of trunk robberies in that borough. It is not known whether the plot to steal from the express company also extended to Manhattan and elsewhere. The prisoners who are in the toils of the Brooklyn headquarters detectives described themselves as Alfred Willett, 20 years, a laborer; John Cook, 19 years, a plumber's helper; and Alfred Moulie, 18 years, a driver.

MONETARY COMMISSION GOES ABROAD TO STUDY BANKING

New York, Aug. 3.—The Times today says: For several days members of the national monetary commission, composed of nine senators and nine congressmen, appointed at the last session of congress to devise plans for currency legislation, have been in this city making preparations for their trip to Europe to study foreign banking conditions and to confer with bankers here.

HOW CHIOICRY IS RAISED IN THE AZORES ISLANDS

Chiocry is raised in the Azores from seed imported from Germany and Belgium sown in furrows from the beginning of March to the end of April. When the plants have attained a height of about 12 inches they are thinned and left at a distance of 9 inches apart. The leaves are utilized as fodder for cattle. The roots are plucked by hand from October to December and carried to the factories, where, after being chopped by a special root chopper, they are dried.

BIG COFFEE CROP BRINGS PROSPERITY TO COLOMBIA

Minister T. C. Dawson, writing from Bogota, Colombia, says: "The rapid fluctuations in exchange which occurred about the end of May have entirely ceased and exchange is again back to its previous figure. The coffee crop, which is good this year, has begun to move out. Prices are satisfactory and the general feeling over the financial outlook seems better than for some time past."

28,040 PATENTS APPLIED FOR IN BRITAIN IN ONE YEAR

The fertile ingenuity of the British inventor is shown by the fact that 28,040 patents were applied for during 1907. This total is a slight decrease on 1906, for the twenty-fifth report of the comptroller general of patents, designs and trademarks just issued gives the number of applications during that year as 30,030.

TOWNS HIT BY CLAUDBURST

Florence, Col., Aug. 3.—A cloudburst yesterday afternoon in the head waters of Oak and Coal creeks sent a raging torrent down these little streams, flooding three towns, washing out bridges and doing damage estimated to be not less than \$100,000. Hundreds of hogs and chickens on the truck farms to the south were drowned, and in the towns of Rockvale and Williamsburg hundreds of houses were flooded.

ETHIAN GATHERING IN BOSTON: 50,000 EXPECTED

Boston, Aug. 3.—Arrangements for the twenty-fifth annual convention of the Supreme Lodge, Knights of Pythias, which is expected to bring almost 50,000 people to this city during the week beginning Tuesday, have been completed. An advance guard of several thousand has arrived and was accommodated overnight in the tented city laid out in Franklin field. Meeting jointly with the knights will be the convention of Pythian Sisters, at which every state in the union will be represented. Part of the evening party has been given at the Waldorf, the first military parade of the city being held at the Waldorf yesterday evening.

THE HUSTLERS' COLUMN

By H. G. Creel

WHAT THE SUBSCRIPTION HUSTLERS DID YESTERDAY. New out-of-town subscriptions... 65. New city subscriptions... 12. Total for the day... 77.

There are two excellent plans NOW RUNNING whereby the Daily may not only be preserved, but carried triumphantly through August and into the heat of the campaign and the whole cause made stronger because of it.

The first of these plans is the subscription campaign for the present month. One hundred and two book prizes, ranging in value from \$15 to \$150, are to be given free to the 102 Hustlers with the best records for the month. That ought to be enough to start ALL the Hustlers in a concerted move after subs.

The second plan is the Labor Day Special. This edition should receive a tremendous distribution at the Hustlers' hands. Orders are now coming in by every mail. IT PROMISES well; the PROMISE is based upon faith in YOU to do YOUR share.

A GOOD-BY TO THE HUSTLERS.

Dear Hustlers: I've got to give it up. You don't want a Hustler Editor who's not physically able to cope with the work. I've tried conscientiously to recuperate and keep going—but it's no use. I've got to stop completely to ever get well.

Since taking up the work of Hustler Editor I've given you the best that was in me. It wasn't much, I know; still it was my all. And being my all, it has held on me repeatedly. The drain and the strain has been too great. I hope, Hustlers, that during this month you'll all pitch in as never before. The boys at the office are going to be harder pushed because one man is leaving. With finances the way they are, no new man will be hired immediately. That means extra work for them; you can help a lot by hustling.

I know you're going to do this. I believe in you. I always have believed in you. Sometimes you falter, but always you rally. And you're going to rally this month. You're going to make it possible to put another man on the reportorial force and keep the paper going.

Since the plans I FUSED by the Hustlers, will be enough to make our challenge to capitalism. The working class will prove that it is in the daily newspaper field to STAY. Making good on that challenge means much to the cause of Socialism.

USE TODAY TO HELP MAKE GOOD. None of you realize how reluctantly I give up the work. Tears well in my eyes as I write this. And this is the reason: My doctor says I've got to FORGET THERE EVER WAS A DAILY SOCIALIST. I mustn't SEE a Daily for weeks.

Do you know how that affects me? Just exactly as though there WERE NO DAILY! And if I know you all AND I DO, you never want to experience such a feeling and know that it's real. If you could just understand what it would mean to YOU, personally, to be deprived of your Daily you'd never stop work till it was safe. If you all work through August I think there will be no difficulty in maintaining the paper afterward.

As I go I'm leaving my heart and my best efforts with you. Some time, when I'm well again, I'm going to give warning and then start in to race with all of you for subs. That won't be for some time, but you'd better practice in the meantime.

Until then, Hustlers, good-by.

H. G. CREEL.

You cannot keep May M. Strickland from speaking on the subject of the police. This is one of the reasons why you have read this column so often for a year or more. You'll continue to do so.

Mr. J. H. Lawler, Vesper, Kan., has landed two one for four months and the police have tried to pay out of stock for E. T. Pratt and the other 12 to be applied on stock for himself. The other 12 to be applied on stock for himself. The other 12 to be applied on stock for himself.

Wm. H. Brown, Minneapolis, Minn., sends in the price for 100 papers a day to be distributed at the open air meeting there.

More steam for "Red Special." Fred Gocher sends in \$10 all the way from Worcester, Mass. "Add this to the campaign fund."

Prize Henderson, Hartwell, O., sends in 100 for sub. cards and says he wants them quick.

"Undesirable" from Lillian, Cal., sends in \$2.00 for sub. cards and says he wants them quick.

The injunction is still with us and, like the poor, will always be with us.

The injunction is rightly termed an "extraordinary legal remedy." It is so extraordinary that it is unnecessary.

The injunction is a legal device which is used to prevent a party from doing something which is alleged to be injurious to another party.
