NEW YORK JEW SCORE BINGHAM

Figures Refute Police Head Statement Race Commits Half of City's Crime

New York, Sept. 3.—Incensed by Police Commissioner Bingham's arraignment of the Jews in New York—who are responsible, he claims, for 50 per cent of the crime in the city—Edward Luterbach, president of the Labor Immigration League and prominent in Jewish affairs, yesterday characterized the police official's statement as "an apparition of know-nothingism," and furnished interesting figures to prove his contention.

Jews to Hold Meeting

The leaders and protectors of Jewish interests expect to hold a meeting for the purpose of formulating a plan to check the most career of a man who, clothed with police authority, makes random statements derogatory to a race that, according to court records, is both thrifty and orderly.

Gather Court Records

"We have tried for a long time to get Commissioner Bingham to enter into a free and open discussion of the Jews of New York and their relation to crime. We anticipated some sort of a wild outbreak from him, and made a thorough investigation of court records, that enables us to refute every statement he makes.

My secretary, Mack J. Katz, with my authorization and that of Mr. Schiff and Judge Rosalsky, went thoroughly into the business of investigation crime in New York County during the last four years. Thousands of indictments were examined, and the result is that we now are able to say, without fear of contradiction, that for the years 1904 to 1907, inclusive, the percentage of criminality among native Americans and foreign-born residents was 63 and 65.5 respectively for males, and 66.5 and 64.4 respectively for females, not characterized as violent."

Alien Records Good

The investigation also showed that during the past four years 19,247 convictions and 6,830, or 34.49 per cent to the discredit of the native born and 3,557, or 25.4-10 per cent against the foreign born. The table follows:

Table with columns: Race, Convictions, Per cent. Rows include Americans, Irish, Russians, etc.

CORNER TRACKS POISONERS' BAND

New York, Sept. 3.—That a band of professional poisoners has during the past few years in New York murdered many persons, and drugged and robbed a great many more, was the startling statement made yesterday by Coroner Shady at the end of an inquest into the death of Jan Danice of South Amboy, N. J., a railroad employe, who was killed by poison last November. The coroner further declared that he is on the trail of the band and expects to bring its members to justice.

CHINESE PLAN CONSTITUTION AND SEVENTH PARLIAMENT

Peking, Sept. 3.—An imperial edict was issued yesterday outlining a proposed constitution for the empire. It includes a provision for an eventual parliament.

OLD PARTIES BOTH SEE VICTORY

Writing from New York, Raymond Patterson for the Tribune asserts that it makes Taft a sure thing, while Willis J. Abbot, head of the Democratic publicity bureau, asserts that the result shows that the Republican vote is steadily falling off, as greater party splits were made at former elections.

176,560 VOTERS IS NOW ELECTION GAGE

Wednesday evening, when the Labor Day Special orders were counted, the total had reached 176,560, an increase for the day of 11,830. Will the edition reach the 200,000 mark? The next two days will tell.

SAYS HE WOULD ARREST BRYAN

Chief of Police Takes Socialist Would Serve Nebraska Likewise

(SPECIAL TO THE DAILY SOCIALIST.) Ironton, O., Sept. 3.—For speaking on the street on the Sabbath, H. L. E. Holman of Texas was arrested by Chief of Police Burridge and locked up in this city last Sunday. The chief declared that he did not arrest Holman for speaking on the street but for Sunday speaking and that he would arrest William J. Bryan if he tried street speaking on Sunday.

Finally Spoke in Hall

The chief offered to give Holman freedom if he would not speak, but Holman said that Sunday was about the only chance that a workman had to listen to speeches and that he would speak as soon as he got out. It was finally agreed, however, that Holman could speak in a hall, and he was released.

Held Enthusiastic Meeting

For the first time in many years Ironton was thoroughly stirred by a Socialist gathering of considerable mention. The following night there was a rousing street meeting, which was not molested. Walter Bagby of Portsmouth and Harry Wells of Wellston, a nephew of Senator Foraker, also spoke. Morris Max conducted the meeting.

HOLD WORKER AGAINST HIS WILL FOR RAILROAD FARE

Writing from Helena, Mont., where he went from Chicago, says that he became a workman on the Great Northern railroad and that he was held against his will for railroad fare. He was then taken to a boarding camp, where all employees are forced to take their meals and sleep. He was then taken back to Chicago, where he was held for a week before being allowed to work out before leaving.

WOMEN IN KNEE DRESSES KEEP BOSTON CROWD AMUSED

Boston, Sept. 3.—A yelling, laughing crowd of nearly 100 persons gathered in Fenway square yesterday at the heels of a strangely garbed woman, who approached Chief Wets on the steps of police headquarters and demanded that he let her pass upon the lawless through that had been pursuing her for hours. The woman was wearing a knee-length dress, which she described herself as an "Austral," and who wears a knee-length dress, cut blouson fashion.

DENEEN PUTS DETECTIVES AFTER WRECKERS OF CANAL

Joliet, Ill., Sept. 3.—Governor Deneen has ordered the employment of detectives to run down the men who blew up a dam on the west bank of the Illinois and Michigan canal, inundating miles of farm lands, leaving a fleet of boats in the mud and thousands of fish dead on the ground.

Abbott Shows Falling Off

In view of the extreme exaltation of certain Republican newspapers and public men over the returns from Vermont, it might be well enough to analyze these figures. At present the Republican plurality in the state has been estimated at about 23,000. In 1906 it was 23,901; in 1900 it was 23,000; in 1904 when the so-called Roosevelt landslide took place, it exceeded 33,000. In other words, in the twelve years since 1896 the Republican plurality in Vermont has fallen off more than 14,000 votes.

Safe Majority for Taft

Writing from New York, Raymond Patterson for the Tribune asserts that it makes Taft a sure thing, while Willis J. Abbot, head of the Democratic publicity bureau, asserts that the result shows that the Republican vote is steadily falling off, as greater party splits were made at former elections.

Old Party Leaders Line Up to Put a Little Life Into Campaign There

Republicans and Democrats are lining up for a hot fight in the Maine election, as that state is taken as another "barometer" on the national struggle. Senator Gore, the blind legislator from Oklahoma, will be one of the principal Democratic speakers, while Senator Borah of Idaho, friend of the chief trust and recently under indictment in the land fraud cases, will be the chief spearhead for the Republicans.

Exclusion Question an Issue

From that point the campaign will shift sharply to the west, where the parties will lock horns over the "exclusion question." Attention will be called to the Democratic plank providing for exclusion of the Asiatics, and in this connection the silence of the Republican platform on that subject will be diluted. Furthermore, an attempt will be made to convince the people on the Pacific slope that W. H. Taft has ideas on the subject of exclusion at variance with their ideas.

Stevenson on Busy Tour

On next Tuesday night he will address the Democrats at North Cape Turner hall. The following day he will go to Peoria. Adlai Stevenson is making speeches nearly every day, mostly at what are called at headquarters "nonpartisan gatherings"—principally county fairs.

PROMINENT PHYSICIAN SHOT IN MYSTERIOUS MANNER

Omaha, Neb., Sept. 3.—Dr. Frederick Ruppel was found fatally wounded on the front porch of his residence in West Farman street, early today morning. He was shot from the effects of a bullet wound without having regained consciousness. Several theories were advanced to account for his death. His wife declared he left for work at 11 o'clock last evening and later telephone calls were received. She declares she heard a pistol shot from the front porch at 11:30 p.m. and that she went downstairs, opened the front door and found her husband sitting in a chair on the front porch.

DENOUNCE VAGRANCY LAW; ASK FREEDOM FOR JOBLESS

Fresno, Cal., Sept. 3.—With a scathing denunciation of the obsolete law which denies the direct cause of the death of George Petrosche, the Russian anarchist, the members of the defense committee, and adopted resolutions which will be sent to President Roosevelt. A committee of ten was also elected to form the nucleus of the defense committee.

Denounce Ray as a Falsifier

Indianapolis, Sept. 3.—The Order of Railway Conductors of Indiana has publicly repudiated the statement of Major B. B. Ray, a member of the Chicago division of the order, who is no longer a conductor, but a paymaster in the United States army, and who is said to have boasted that he could deliver the vote of the order to Taft.

Officers Face Court Martial

Washington, D. C., Sept. 2.—An army court-martial, the highest in rank of any military court which has been convened since the days of the Egan-Miles "embalmed beef" scandal in 1898, has been ordered by President Roosevelt to meet at Fort Wayne, Mich., Sept. 25, for a trial of certain officers of the mounted team.

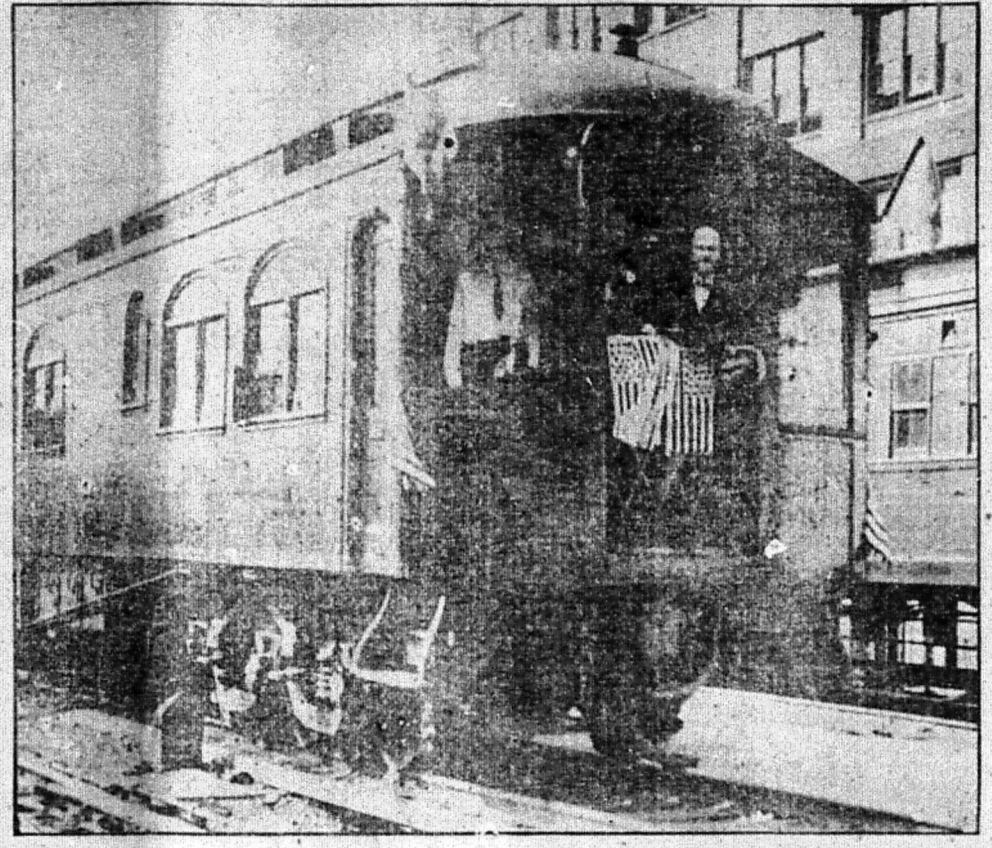

FORAKER AND TAFT BURY THE HATCHET; SENATOR PLEDGES AID

Toledo, O., Sept. 3.—Senator Joseph B. Foraker has buried his differences in the routing faction in the Republican party, has accepted Taft as the candidate for president, and will do all in his power to secure the latter's election in November. If desired, he will take the stump in the interests of the man he fought before the convention in Chicago.

Safe Majority for Taft

Writing from New York, Raymond Patterson for the Tribune asserts that it makes Taft a sure thing, while Willis J. Abbot, head of the Democratic publicity bureau, asserts that the result shows that the Republican vote is steadily falling off, as greater party splits were made at former elections.

DEBS AND THE "RED SPECIAL"

The above picture shows the "Red Special" and Eugene V. Debs just before the departure from the La Salle street station, Chicago. Owing to the deprec regulations decorations were not permitted. They were put in place after the train left Chicago.

U. S. IS FLAYED AS RUSS AID

American Officials Denounced For Helping Czar In Pouden's Case

(SPECIAL TO THE DAILY SOCIALIST.) Boston, Mass., Sept. 3.—The Russian government was flayed and the American officials with it for the persecution of Pouden, the political refugee from Russia, whom that tyrannical country is trying to secure and execute, at the conference of Socialist clubs in this city. The members of the conference also decided to give all possible aid to Pouden's defense committee, and adopted resolutions which will be sent to President Roosevelt.

DENOUNCE RAY AS A FALSIFIER

Indianapolis, Sept. 3.—The Order of Railway Conductors of Indiana has publicly repudiated the statement of Major B. B. Ray, a member of the Chicago division of the order, who is no longer a conductor, but a paymaster in the United States army, and who is said to have boasted that he could deliver the vote of the order to Taft.

OLD COMRADE GREETED DEBS

Veteran of A. R. U. Strike, Tears in His Eyes, Welcomes Nominee

MEETINGS GROW IN SIZE

Another Record Breaking Socialist Gathering Held at Muscatine, Ia.

(SPECIAL TO THE DAILY SOCIALIST.) (From Yesterday's Last Edition.) On Board the "Red Special," Sept. 2. "I tried in the same yards with him in 1876-6. See, here is my A. R. U. card. That card cost me months of tramping. It put my name on the blacklist all over the country. But I wouldn't take a million dollars for it."

The tears were streaming down the cheeks of the speaker as he stood pressed close up to Eugene V. Debs at Muscatine, Ia.

The old A. R. U. card had expired on Sept. 30, 1876, but its spirit had never expired. It was made out to Carl Dillard, and was to him something of which to be infinitely more proud than any certificate of honor signed by military gentlemen.

Debs climbed back on the train at Muscatine after the touching meeting with his old comrade of the A. R. U., whose last greeting was a husky shout of "You're all right, Gene," he said.

"I would rather have the recommendation of a man who fought side by side with me than of any other person on earth. They are the ones who know if it was true. It's the working class that counts."

In his remarks at Muscatine there came an interruption from a poorly dressed workman who declared that he had \$4,800 in the bank and was working for \$3.00 a day. An inquiry proved that he was a model workman, from the capitalist point of view. He lived in a miserable manner, denying himself every luxury and even decency, worked long hours without complaint, of his wages, to the extent of his tasks and accepted the political opinions of his employers without question. In short, he was an ideal, typical "safe, conservative, law-abiding citizen."

Proved to Be Demented

For the moment the Socialists on the "Red Special" thought this episode had scored and that here was that long-looked-for perfect workman—for the capitalist.

Further investigation only served to prove the fact beyond all question. For it was discovered that the man was well high demented, and required a guardian to care for the money which he possessed, and which he had inherited.

The meeting at Muscatine, like every other meeting so far, was a record-breaker. Sooner or later there will come a meeting that will be smaller than its predecessor, but that meeting has not come yet.

There is just one opinion on the part of those on the train, or who have been fortunate enough to be at any of the meetings along the line, and that is that the "Red Special" is the greatest propaganda agency that has ever been devised and that it will reach hundreds of thousands who would otherwise never have heard of the Socialist movement.

Will Set Country Aflame

All are agreed that it must continue until election day. It is leaving a broad band of revolutionary sentiment on each side of the track for miles, and when it has completed the circuit it will have set the whole country aflame.

DEBS' SPEECH AT DAVENPORT

Says That Socialism Progresses as It is Rightly Understood (Workers' Press Association.) (From Yesterday's Last Edition.) Davenport, Ia., Sept. 2.—Eugene V. Debs in his speech here spoke in part as follows: "This is Davenport. I remember it quite well and with satisfaction. This would be a flattering receipt, but I am one and especially to an undesirable citizen."

"Socialism progresses in exact proportion as it is rightly understood. Most people oppose it, not because of what it is, but because it is not. This attendance this evening is of itself eloquent of the progress of the Socialist movement. The campaign in which we are engaged is primarily a campaign of education."

No Argument in Abuse

"The masses of the people must be awakened. So many of them are still in the fact the senator will take a leading part in the campaign. That the managers of the Taft campaign are just as willing to welcome Foraker into their ranks was shown by the fact that the senator was called on the long distance telephone from Chicago by Chairman Hitchcock of the national committee and requested to open the Republican campaign in Kansas."

Taft said on the journey to did not know of the arrangement whereby he was to meet Senator Foraker. But the city of Toledo seemed to know all about it, and when a carriage, which headed the parade, stopped in front of the stand and discharged its passengers.

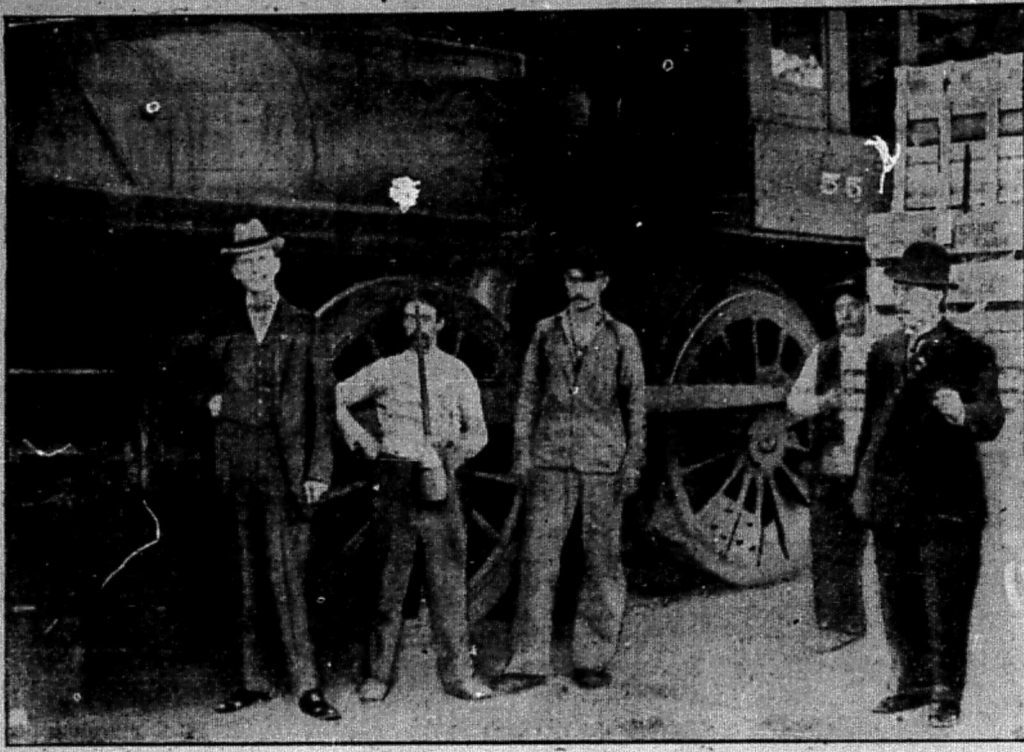

Each Extend Greeting

Taft said on the journey to did not know of the arrangement whereby he was to meet Senator Foraker. But the city of Toledo seemed to know all about it, and when a carriage, which headed the parade, stopped in front of the stand and discharged its passengers.

Taft was no slower than the senator in declaring the troubles forgotten. In a short address he made the candidate placed all the credit for his political advancement upon the senator. He congratulated the Republican party upon there was a shout.

Senator Foraker was the last to reach Taft's side, but when he did reach high his right hand, Taft saying, "Hello, senator," and Foraker, "I am glad to see you, Judge."

OLD COMRADE GREETED DEBS

(Continued from Page One.)

Victims of ignorance and prejudice. They make no change until they are compelled to change. Is there any man with a good heart and in possession of his faculties who can be satisfied with conditions as they are? Now, in the discussion this begins the class struggle, but, thank God, we are going to end it.

Dependent Upon Masters. They do not own their own jobs. They are dependent upon their masters for the opportunity to work and, this being true, their masters have the economic power to exploit them of what they produce.

"Now, we are told that if we have Socialism the incentive will be destroyed. Let us see. In capitalism the worker receives but a fraction of what he produces and yet he is supposed by some peculiar process of reasoning to have a great incentive to work.

"According to the logic of those who put forward this argument, the workmen then would throw down their tools, quit work and deliberately starve themselves under this system. That is true to a very limited extent. You have in very rare instances men who can rise and become masters instead of slaves. But the man who exploits his fellow man is not, after all, very much better than a victim.

The Masters Are Slaves. "He thinks if he hardens his fellow man he himself will be free. That is not so. Ralph Waldo Emerson once said: 'If you inspect the chain that enfetters the slave you will find that the other end of it is riveted to his master's wrist.' The Socialist party, first of all, is the party of the working class. It does not pretend that it is organized in the interests of the capitalist or the employer, but it states very frankly as one of its fundamental purposes, that when it succeeds to power it will abolish that class.

"I beg you to consider that in regard

to these periods of depression and enforced idleness of the millions, they come whether the Democratic or Republican party is in power. It came in 1892; it came in 1907. In the Republican platform of 1892 it was charged to the Gorman-Wilson tariff and the untidiness and dishonesty of the Democratic party to rule.

"If the Democratic party was responsible for the panic of 1893, why is not the Republican party responsible for 1908? There are more idle men in the United States this very hour than at any previous time in its whole history. Twenty per cent of the working people of this country are today idle. President Yukon of the Rock Island road has just recently declared that of the 1,600,000 railroad men, not less than 400,000 were in idleness. Twenty-five per cent of the entire number—one out of every four; no work, no wages!

"Only a working man knows what this means. It means that he is out of work. Capitalism tolerates him so long as he has a job. If he has no job, he is thrown into prison. What has a working man to do, while he waits for the next job? He must eat. He must have a roof over his head. What he needs is the guarantee of a job.

Will Put You to Work. "The Socialist party says it will put you to work. How will it put you to work? Well, if the Socialist party gets into power and transfers all the productive machinery from the idle capitalist to the workers themselves, I guess they can employ themselves, can't they? Why should a capitalist own a tool he can't use? Why should he not let the workers have the tools without which they can not live?

"If the working class is oppressed then the working class is responsible. A boat can fight, but you can't think. Nothing on earth can stand between the working class and its complete emancipation, when it achieves class consciousness.

"Socialism is neither a dream nor a scheme. Socialists have simply got the scientific idea of history. They have based a forecast upon their analysis. They know with mathematical certainty that Socialism is to succeed capitalism, just as capitalism succeeded feudalism, unless the law of evolution are suspended and humanity is paralyzed.

"It is not a question of faith or hope. It is a question of absolute scientific knowledge. Do the capitalists discuss the questions? No, they discuss your intelligence by tattering your ignorance."

A. M. Simons Speaks. A. M. Simons, who spoke first, said the workers had always done the fighting and the working, and their masters had done the eating and the drinking. "They have done the dying and the starving," he declared, "and they are about sick of it. Grover Cleveland wrote that the two old parties had no difference and would come out again against Socialism. Let them come solidly and the so-called we shall come together. We never did get anything that we didn't take."

James H. Brower, organizer and candidate for governor of Illinois, spoke in a humorous vein and lightly brought out the views of Socialists on the political and industrial situation.

"How the politicians love you!" he said, "They love you so much that they will

pay \$10,000 to get a public office that has only \$2,000 of salary."

GREETING AT SPRING VALLEY

Armies of Workers Fill Hill Sides in Race to Hear Debs

(Workers' Press Association.) (From Yesterday's Last Edition.) On E. and the "Red Special" Sept. 2.—As the train pulled into the station at Spring Valley, Ill., a strange sight was presented. Out from the sides of the hills and down across them came the streaming armies of workers running at top speed, lest they miss a few of the precious minutes during which the train was to stop.

William James and Patrick Carr, both prominent officials of the United Mine Workers, were in charge of the arrangements for the meeting and they declared that the sentiment among the miners was at fever heat, and would certainly result in votes for Debs and Hanford in November.

As the presidential candidate exposed the situation in Alabama, where the United Mine Workers are being hunted down by Democratic officials, the miners of Spring Valley rent the air with cheers. They know well, the men who are fighting that battle and what manner of battle it is and need no explanation of the situation.

James H. Brower, candidate on the Socialist party ticket for governor of Illinois, spoke at each stopping place, and as he pointed out the distinction between the attitude of the Socialist and the old party candidates during and after the campaign period laughter was mingled with shouts of approval and applause.

At Joliet and Ottawa there were far larger crowds than at any other place, notwithstanding the fact that the meetings were held at times when the working class are supposed to be at work.

NEW CURE FOR LOCKJAW FOUND IN COMMON SALT

New York, Sept. 3.—A case of tetanus in advanced stages has been cured at St. John's hospital, Brooklyn. It is believed the cure was effected through the use of sodium chloride (common salt), as advised by the specialists of the Rockefeller Institute.

The patient was Allen Kollock, 15 years old, of Woodhaven, L. I. Three weeks ago, while at Patchogue, his foot was run over and a toe crushed. Eight days after the accident the boy found that he could not open his jaws. A doctor pronounced the case to be rheumatism. The next day the boy's jaws were more tightly clinched than ever, and the doctor decided he was suffering from tetanus. He was rushed to the hospital. His body became so rigid it was impossible to unbend it. Then the injured toe was amputated.

Following the operation a 25 per cent solution of sodium chloride was injected directly into the spinal cord. Immediately the boy's vitality began to ebb. For five days he received injections of 2,000 units of anti-tetanus serum. Salt solutions were also used. The sixth day after the sodium chloride injection he began to show marked signs of improvement. His recovery was rapid from that day.

SUNKEN JAP BATTLESHIP IS FOUND BY SALVAGE VESSEL

Victoria, B. C., Sept. 3.—Advice from Japan state that the sunken battleship Yamashiro has been found by the steamer Saruhashi Maru, a salvage vessel, sent by the naval department to search for Japanese warships lost during the war with Russia, and investigations are being carried out to ascertain if the battleship can be raised. The Saruhashi Maru has also found the Russian warship Sebasteopol and the approximate place where the cruiser Takasago sunk has been discovered. She is now searching for the battleship Hatsuzuki.

Advice from Vladivostok state that the six Japanese of the crew of the sunken sealer schooner Nic Maru sent to be shot have been reprieved.

ORDERS A COURT MARTIAL FOR TROOPERS OF GEORGIA

Atlanta, Ga., Sept. 3.—Governor Hoke Smith yesterday ordered a court martial to try members of Troops A, B, C, and E of the Georgia cavalry who recently "shot up" several small towns while returning to their home at Savannah from the encampment at Chickamauga park.

The troops fired volleys from the train. At least one man was wounded, and terror was created at several places. Proceedings have been ordered against the four troops, because it is said evidence could not be procured against individuals. At least two officers are said to be involved.

SOCIALIST TENT BY SEA SHORE

Christian Fellowship Wages Effective Fight By Meetings at Beach

(SPECIAL TO THE DAILY SOCIALIST.) Brooklyn, N. Y., Sept. 3.—The Christian Fellowship in Greater New York is waging a hot educational campaign for Socialism. A tent erected on Bree Beach, near Ocean parkway, Brighton Beach, is attracting much attention. A sign posted outside announces to the passerby that a meeting is on and that all are invited. Music and singing attracts those who delight in that art. There is an attraction for everyone.

The outside of the tent is hung with quotations which tell the visitor of the connection between Christianity and Socialism. There are such quotations as: "Socialism is Christianity Applied," from Francis Willard, "Socialism is the Golden Rule Applied," from Professor Ely, also a quotation which reads: "You can be a Socialist without being a Christian, but you cannot be a Christian without being a Socialist."

DEATH AT HOSPITAL RESULT OF MISDIRECTED ECONOMY

Questionable "economy" has cost a human life at the Cook county hospital. The victim was Mrs. Mary Kayvee, 25 years old, whose family, while she was in the hospital, was evicted from 18 1/2 hours' tenements.

The economy which was responsible for her death was expressed in a failure to hire competent night operators of elevators in the institution, and, instead, allowing the elevators to be run by any person chancing to use them.

In the case of Mrs. Kayvee, the elevator, which was to convey her helplessly from one floor to another, was operated by an orderly, whose duty also it was to attend Mrs. Kayvee and see that she came to no harm.

LACK FUNDS TO HELP ORPHANS

There are 300 little "Buster Browns" on the roll of the St. Vincent infant Asylum today, a total just twice as large as that of last year and larger than that of any other year in the history of the asylum. All of the inmates are children ranging in age from one day to six years and all are either orphans, half orphans or little unfortunates whose parents are unable, through sheer poverty or misfortune, to provide for them. All are waiting to be adopted by some kind-hearted soul.

Out of the 300 homeless children, seventy-five have been sent to the Park Ridge country home because their physical condition demanded it. Many more would be sent there if the funds of the asylum were large enough to allow such expense.

MOORS EMBROIL EUROPE AGAIN

Germany's Recognition of the New Sultan Causes Resentment in France

Paris, Sept. 3.—The action of Germany in breaking up the concert of the powers with regard to Morocco by notifying the signatories of the Algeiras act, that she considered the actual situation as demanding immediate recognition of Mulid Hafid, the usurping sultan, has fallen like a bombshell in Paris. A feeling of approaching consternation is manifested in official circles.

Notification Made Verbally
 The notification, which was made verbally, is not accompanied by any explanation of Germany's sudden change of front, as it is called here, and in government circles this action and the dispatch to Fez of Dr. Vassel, German consul at Tangier, no longer can be dissociated.

Officials here can see in Germany's stand only a virtual proclamation of her intention to disregard the Algeiras act and to seek a special position in Morocco for herself. The consequences here from the international and from the French standpoint are expected to be deplorable.

French Post Is Attacked
 In answer to Germany's call for recognition of Mulid Hafid before he has made any pact with Europe fanatical Arabs who had been gathering on the Algerian frontier yesterday attacked the French post at Boudenis.

WAYMAN IS TO RESIST RECOUNT

"Concede nothing!" was the watchword with which the counsel for John E. W. Wayman announced that they would go into the County court today and try to fend off the efforts of State's Attorney, John J. Healy to secure the opening of the boxes containing the ballots cast at the recent Republican primary and a recount of the votes which are declared to have nominated Wayman for state's attorney by a slender plurality. While Wayman has announced his willingness to have the votes recounted, his lawyers have decided to adopt the tactics of strenuous resistance.

One contention of the counsel for Wayman is reported to be a claim that the suit was filed too late and that the time for filing it expired Thursday instead of Saturday, when the filing took place. Another move contemplates an attack on the constitutionality of the sections in the primary law regulating contests. The claim is put forward that no reference to the regulation of contests is contained in the title of the primary statute. Sensational testimony is promised by Wayman during the hearing of the case. It is expected that he was informed of a plot to defraud him of the nomination and that he had detectives follow some of the men named to him as being in the alleged conspiracy.

WOMAN BURNS TO DEATH AS NINE IN FAMILY SLEEP

The charred body of Mrs. Mary Tooley was found on the kitchen floor of her home at 204 West Van Buren street by her husband, Policeman James Tooley of the West Lake street police station. Following the discovery an inquiry was begun to clear up the mystery in the death.

While it is believed Mrs. Tooley's clothes were ignited when she lighted the gas stove to get breakfast, it is regarded as remarkable that no screams were heard. Her husband and eight children were in the house, but all they heard no sound of any kind come from the kitchen.

The investigation was begun by the police and coroner. Policeman Tooley said he did not hear his wife when she arose from bed, declaring it was her custom to get up early and prepare breakfast. When he arose none of the children was up.

Tooley dressed and went to the dining room. He called to his wife, but there was no answer. He says there was no smoke in the house, and no odor of smoke. Going to the kitchen he saw the charred body on the floor.

OLDEST OFFICE BOY STILL WORKS AT AGE OF 69 YEARS

Trenton, N. J., Sept. 3.—Without any special observance to mark the occasion, Samuel Brackett of Trenton, said to be the oldest office boy in the world, is 69 today. He is employed in the office of the anvil works in this city, owned by Mrs. Clark Fisher, and is known as a "heirloom" of the family, having been in its employ for the last sixty-nine years. He occupies the same position he did when he first went to work.

What Is the Matter With America

By LINCOLN STEFFENS
 "What is the matter with America?" is the question that is being asked by every man, woman and child in this country. The answer is simple: "The matter with America is that she is not living up to her ideals." The author, Lincoln Steffens, is one of the most famous writers of our time. His book, "The Shame of Cities," was one of the best-selling books of the year. This new book, "What is the Matter with America," is a scathing indictment of the political and social conditions of the United States. It is a must-read for every citizen who is concerned about the future of the country.

WANT BRYAN AS A "SIDE SHOW"

Two Amusement Parks in Squabble to Secure Nebraska for Labor Day

Organized labor, or at least the Bryan part of it, and Roger Sullivan, it seems, are about to cross swords and combat for supremacy in the Cook county Democracy. Bryan's coming to Chicago on Labor Day has shown up clearly that there are at least two factions of Democrats and that some diplomacy will be necessary to keep them from drawing their weapons.

The matter of parks is what has caused the two factions to begin to growl at each other. They cannot agree as to whether the great "commoner," "recent union joiner," "friend of organized labor," the chief of the people, and so on, shall speak at Forest park or at Riverview park.

Heart Owns Forest Park
 "Forest park is owned by Heartst," said a Sullivan follower at Democratic headquarters in the Auditorium Annex this morning when asked just where Bryan would speak on Labor Day. "I am not sure," said the Sullivan follower, "but I would like to see Bryan speak only at Forest park. I don't see why he should speak there at all," he continued. "You might speak at Mr. Allen, however," he said. Allen is the chief of the park department at the Democratic headquarters and is connected with the Chicago Union Labor Advocate, the official organ of the Chicago Federation of Labor.

Chief Allen was not on hand at the moment, but William Rossel, a union machinist, was sitting near the labor desk in earnest conversation with some one. He stopped talking long enough to say "Forest park only; that is emphatic. Forest park only."

"Some Confusion" Yet
 After a lapse of a few moments Chief Allen appeared and referred the question to Colonel Martin, who declared that the matter was entirely unsettled as yet, and admitted that there was "some confusion" connected with the matter, which would be "satisfactorily straightened out, probably tomorrow."

"Where will Bryan speak on Labor Day?" was asked of Secretary Noels of the Chicago Federation of Labor. "Forest park," he answered in tones that shook the building. "Forest park," he thundered again. "You know as well as anyone else where he will speak."

"He is advertised to speak at Riverview park," Noels was told.

"I don't care if he is," was the reply. "Who wants him to speak at Riverview?" Noels was asked.

Blames Roger Sullivan
 "Oh, Roger Sullivan, I suppose," he said. "Riverview park is on the unfair list. It was placed there last February and all organized labor and friends of organized labor notified not to make any contracts with Riverview until further notified by the park committee and the federation. No notice has been issued to the contrary as yet."

THE BUNDLE BRIGADE

The Hustlers are doing their part manfully and well, but there should be ten thousand others just like them among the friends of the Daily Socialist. Friends, do you realize that every copy of a Socialist paper has the germinating power of truth, and that as often as you hand out such a paper you are sowing the word and making it possible for the lightning to strike home?

Every reader of the Daily who is able should join the bundle brigade and make a rule to hand out one or more copies daily to those you meet. The cost won't make or break you. The cost of a cigar or a drink—a nickel a day—will give you ten dailies to hand around—3,000 copies in a year.

You cannot do your duty to the cause and neglect this daily personal service toward those who have not seen the light.

Not all can be Hustlers, it is true; but if every subscriber were to DOUBLE his subscription, and hand out the extra copy daily, more would be accomplished by that simple act than by all the Hustlers together.

The Daily is already a formidable weapon. One hundred thousand subscribers will make it mighty and invincible. Your responsibility to the paper and to the cause is all expressed in that first 100,000. Help put the Daily in the hands of the voters and it will take care of the cause.

The Socialist who hands out one paper each day for 300 days and makes a point to carry a sub card or two in his pocket will take ten subscribers in the 300 days without half trying. But suppose our "bundle brigade" hands out 10,000 copies a day. It can easily add thousands of new subscribers within a year.

That will lift the burden of the Old Guard Hustlers, and we will have a new army of Hustlers. With these and an eight-page Daily we should reach the 300,000 mark the second year, and then be ready to go forward and forward until we elect Eugene V. Debs president in 1912.

Hustlers, you are the salt of the earth. Get the glory of that promise in your hearts, and you will not count the cost or weigh the sacrifice.

How many bundle brigadiers?

HERE IS THE NEW PLAN

You want a bunch of the Labor Day Specials to distribute in your locality. There are several others who have the same wish. You do not feel able to buy a thousand, but would gladly "chip in" to help get that number.

All the others feel the same. Take the pledge below, paste it on a sheet of paper and collect what each one will give and send it in.

The Daily Socialist will do the rest.

CUT-OUT AND USE THIS

We, the undersigned, contribute the amounts set down opposite our names to buy copies of the Chicago Daily Socialist's LABOR DAY SPECIAL for distribution in our community:

Secure a Constitutional Convention

Again the question of a charter for Chicago is being agitated by the business interests of the city. It is stated by the Chicago Tribune that the former members of the charter convention will again constitute the body to draft the charter and that the charter rejected by the voters last fall will be used as a basis for the new one.

The people of Chicago less than a year ago defeated the charter that was presented to them. A demand was then made that any charter for Chicago should be drawn up by a constitutional convention composed of persons duly elected.

THE CIVIC FEDERATION AND THE BANKS, RAILWAYS AND BIG CORPORATIONS OF THE CITY.

The workingmen demand a constitutional convention that they may be heard. The corporations fear a convention in which the people will be represented.

Remember, the working class will gain nothing from a charter framed by a convention controlled by big business interests. No rights of labor will be protected, no new privileges secured.

GO AFTER THAT CONSTITUTIONAL CONVENTION. THE VOICE OF THE WORKING CLASS IS THE THING BIG BUSINESS FEARS.

Attempt to Coerce Labor

Efforts being made by the International Harvester company to organize among its workmen an employes' benefit association must be regarded as a direct move against organized labor. It is a further attempt to destroy any effort on the part of organized labor to protect itself against the employer.

This arrangement will also act as a most effective whip over labor in case of unrest and destroy the solidarity of any union organization.

Left in the Care of the Locals

Now that Mr. Gompers has presumably reached the climax of his tirade against the Socialist party it is a question whether his political policy may not now safely be left to the men in the locals of the various trade unions.

Would Not Shoot Laborers

A recent report from the Alabama strike district states that when the soldiers were called out for strike duty against the miners one lieutenant promptly sent in his resignation with the statement that he had not enlisted to shoot down American workmen.

To the Editor

Passing of the Full Dinner Pail. The full dinner pail! And the empty dinner pail! Both will soon be realities for the millions of our people who are suffering from the effects of the present economic crisis.

A HOLE IN THE WALL

The little country school house had been cleaned up and everything put in spick and span condition. Everything they could find to decorate the room with had been used when the teacher spied a place where the plaster had been knocked off the wall.

INCIDENTS EN TRAIN

Yesterday the Wabash Detroit-Chicago express was rattling along about half way between the two cities. Most of the passengers had succumbed under the grime from the engine, giving signs of a languid interest only when such an exciting incident as a cow or a barn broke the monotony of the landscape.

Now the Deacon was a power in the church and could pray louder and longer than anyone else, but he was at a loss what to say to the children. As he looked around the room he spied the flag on the wall, and being a good Republican he decided to give a talk on patriotism.

political speech and see how many "holes" in our present civilization are covered by that same flag.

PEOPLE ARE BEING ROBBED

Everyone recognizes that the people are being robbed. The Socialists, the Democrats, and the Populists have been saying it for years. And even Mr. Roosevelt ANNOUNCES it from the presidential chair.

Mr. Bryan belongs to THE rival union. He dislikes the members of the Republican union almost as much as he dislikes William R. Hearst, the non-unionist. Of course, we all like Mr. Bryan: "In the union, we can't stand for that, nor for his walking delegates, men like Bailey of Texas, Tim Sullivan of New York, and that little two-by-four, John Sharp Williams.

But I sometimes wonder what it IS the people really want. Do they want to use their political power to help the Democratic Porch-climbers' Union to hold up the trusts and pocket the game? And are the people so vitally interested in the fight between these various unions? Are they still of the opinion that they will solve their political problems by this setting of thief to catch thief?

Well, the Socialist party isn't yet a popular uprising, but it is a vigilance league—and the uprising WILL come.

Some New Books

William-English Walling is one of a group of young American writers, nearly all of whom are Socialists, who visited Russia during the revolutionary movement of the last few years. The result of that visit has just been issued in a volume of 436 pages of large size, entitled "Russia's Message," which is quite the most thorough treatment of the whole Russian situation that has yet appeared.

OF INTEREST TO WOMEN

Woman's Suffrage

Since you reprinted my article which appeared in the San Luis Obispo Telegraph, on the subject of woman's suffrage, I have received several letters commenting upon my position on the subject.

For Home Dressmakers

Nothing prettier nor more becoming for the young girl has been designed than this stylish shirt waist, which may be developed in silk, linen, voile or cashmere. It may be made as a separate waist or as part of a costume.

Socialist Woman's Branch Meeting

The regular business meeting of the Woman's Branch will be held Thursday evening, Sept. 3, at 8 o'clock sharp, 182 East Randolph street, room 12. All members are urged to be present.
