

AMERICANS ARE OFFERED BRIBES BY THE CZAR

RAILWAYS' LOSS IS \$139,000,000

During Fiscal Year Gross Earnings of U. S. Lines Take a Big Slump

Gross earnings of the railroads of the United States decreased by the immense sum of \$139,000,000 during the fiscal year ended June 30, 1908...

Loss of \$120,000,000 According to his figures during the last fiscal year, the gross earnings were \$2,450,000,000...

"As the operating expenses for 1908 (approximately \$1,275,000,000) will not fall more than \$20,000,000 below those of 1907..."

"Concealed behind these figures," he continued, "which will become imbedded in official statistics to render future comparisons with the year 1908 misleading, if not valueless..."

Figures Show Business Collapse "The cause of this discrepancy between the railway statistics of the panic year 1907-1908 and the truth as to the slump in operating revenues during that year is due to the fact that the fiscal year included four of the most prosperous months in the history of American railways..."

From various parts of the country the signs are multiplying to show that the so-called prosperity which immediately preceded the election of William Howard Taft was so artificial that already it is beginning to break...

Short Hours at Wheeling From Wheeling, W. Va., comes the news that the local Baltimore and Ohio shops have been put on shortened time...

Total Earnings of 1908 "It is estimated that the earnings of the 5,000 miles of railway not covered by the monthly reports of the interstate commerce commission will bring the total earnings for 1908 up to approximately \$2,450,000,000..."

DONATION FOR A HUNGRY PUPIL COMES FROM ENGLAND

"To the Chicago Board of Education. Will you kindly see that the inclosed \$2 goes to Jimmie Foster, so that he may have a few more good dinners?"—From a New York Girl in London.

The above letter, together with a \$2 bill, was received yesterday morning by President Schneider from London, England, and will be turned over to Mayor Buese. This is the second letter with contributions for Chicago's poor children that has been received from Americans in London by the Board of Education recently.

KAISER PUT ON SOCIALIST SPIT

Openly Accused of Treason by Party's Representatives in Reichstag

Berlin, Nov. 11.—The effect of the twenty-day mass meetings of the Socialist party held yesterday was shown in the most remarkable session of the reichstag ever held, when Singer, the socialist leader, openly denounced the kaiser on the floor of the chamber and declared that not only were his recent breaks in bad taste, but that if any other servant of the empire had done such a thing as Emperor William he would be brought before an imperial court for trial.

Teddy is After Marx and Debs Roosevelt Having "Done" Everything Else Will Now Turn to Socialism

Washington, D. C., Nov. 11.—From a study of large game hunting in Africa, swollen fortune hunting in the United States, from bear hunting in the Louisiana cane brakes and the chasing of "meat factors of great wealth" in Wall street, President Roosevelt has turned aside to have some mental "ju jitsu" with Karl Marx.

SOUTHERN ROAD TAINTED WITH OIL IS CHARGED WITH PEONAGE

New York, Nov. 11.—Conditions which would shame a Georgia convict camp are charged by the United States government to exist at the construction camp, where 2,000 men are employed by the Florida East Coast railway, of which Henry M. Flagler of Standard Oil is president and principal stockholder. Almost at the exact hour at which Judges Grosscup, Seaman and Baker handed down their decision in the famous \$2,500,000 case against the Standard Oil, Deputy Attorney General Glenn E. Ureid, speaking in the United States Circuit court here, opened the case for the government against the agents of the Florida East Coast Railway company, who are charged with having violated the law prohibiting "peonage, slavery and enforced servitude."

LOVE SOCIALIST NOT ALONE NOW

Workers in the Rural Districts Reap the Rewards of Their Endeavors

The lone Socialist worker in the rural districts is jubilant. His efforts have been rewarded by the election results at places where four years ago no Socialist votes were cast, and this year they show from two to nearly a hundred.

These are the enthusiasts that are shouting "Go to victory in 1912 and so determined, it seems, and so numerous are the shouters that it is apparent that the "out of town" places during the next four years will be boiling over with Socialism.

New Converts Work Hard These lone Socialist workers out in the country districts, where they get their Socialist education almost exclusively from literature, are quick to note with what enthusiasm the new recruits take up the work.

Lovington, Ill.—Reports that one of the new Socialists was so enthusiastic that he traveled forty miles on election day to cast his vote for Eugene V. Debs, the first Socialist vote he had ever cast.

There is no doubt but that the official report of the votes cast will show a tremendous increase over the newspaper and other unofficial reports, for the Socialist vote is being suppressed without doubt.

The Associated Press report coming from Terre Haute, Ind., to the effect that in Eugene V. Debs' precinct not a Socialist vote was cast, giving the impression that even Debs did not vote for Socialism, has been proved absolutely false and the story given out for a purpose.

Squid: Then Tell Truth The Socialists of Terre Haute went to the court house and demanded to see the tally sheet, but were told that they were needed and ready to go to Indianapolis, nine Socialists threatened to go before a notary public and swear that they voted the straight Socialist ticket.

The officials then began to make explanations, and the next morning the Terre Haute Star printed the following: "According to the members of the election board in Precinct A of the Fifth ward, the Socialists were not voted a majority in Debs' precinct as has been stated, and they produce the official tally sheet to prove that the Socialist candidate for the presidency received nine votes at that voting place. In making up the tally sheets the board only filled out the regulation sheets and the others were only filled in with the votes for the candidates of the two principal parties.

Thought One Was enough "In speaking of the wrong impression created yesterday, Inspector Walsh said: "We thought one tally sheet was enough and so we filled out the official sheet and the others we simply filled in with the Republican and Democratic votes for the convenience of any who might want to see the returns. We didn't know that they would use the other sheets in 'fuzzing the count.'"

MORE RELATED BULLETINS Country Districts Continue to Send in Rose-Colored Reports No Decrease at Richmond

Richmond, Va.—The Socialists here polled 51 votes this year, against 29 last year. It is the opinion of the Socialists here that not 500 working people, strictly speaking, cast their votes on Nov. 3. A large majority of these people have no vote at all. The little band of Socialists see no discouragement in the returns, and look for a healthy growth from now on.

Arizona Vote Increases Williams, Ariz.—Two years ago the Socialist vote for J. Cannon was 2; this year it was 28 in Williams, 4 in Grand Canyon, 2 in Malm, with other precincts to be had. The total vote for Cannon was 34. The total vote for Hamilton, received 81 votes in Williams, 4 in Grand Canyon and 2 in Malm. The local here has been organized only since last July.

Julia at Byesville Byesville, Ohio.—Total vote in Guernsey county, 78; in 1904 it was 29. Two years ago the vote was confined to about three mining towns. This year gains were made in these towns, as well as in other towns in the county. The Socialists here will give a supper and jubilee in Byesville next Saturday evening.

More Gains in Ohio Wadsworth, Ohio.—The following gains were made in this locality for the Socialist ticket: Wadsworth, Medina county, 1908, 74; 1904, 64. Doyles-town, Wayne county, 1908, 32; 1904, 4. Hamilton, Wayne county, 1908, 15; 1904, 1. Sharon, Medina county, 1908, 17; 1904, 1.

Gain in Greene County, Ill. White Hall, Ill.—Greene county cast 49 Socialist votes. In 1904 the county cast 15 votes for Debs. Other towns in the county are still unorganized, but the showing made forecasts a gain of at least 250 per cent. The town of Pearl, Pike county, polled 39 votes for Debs against 3 cast in 1904.

No Loss! 17 Votes Ladysmith, Wis.—The Socialist ticket in Rutsk county polled 95 votes. In Ladysmith there were 17 Socialist votes against 2 in 1904. There is no local news. Weyauwauke did the best of any town in the county at all. Republican 23; Democrat 21; Socialist 15.

Decrease in St. Louis, Mo. St. Louis, Mo.—Official returns give the Socialist party in this city 4320 votes. In 1904 the vote was 5,129 and in 1906, 6,232. Many of the votes are as much as 50 per cent increase, but this was offset by losses in others.

Decrease in Parsons, Kan. Parsons, Kan.—Debs received 161 votes in this city, which is 45 votes less than he polled in 1904. The county vote with Oswego and Chetopa still to be heard from officially is 172. Also smaller than that polled in 1904.

Expect a 300 Per Cent Gain Des Moines, Mo.—This precinct gave Debs 72 votes in 1904, which is 45 votes less than he polled in 1904. The county vote with Oswego and Chetopa still to be heard from officially is 172. Also smaller than that polled in 1904.

Register Gain of 52 Votes Taylorville, Ill.—The Socialist vote here was small, only 250 votes being cast for Debs, yet even these showed a gain of 50 against 1904.

cast for Debs, yet even these showed a gain of 50 against 1904. The Prohibitionist candidate for president, polled 224 votes.

16 Per Cent of the Total Janesville, Cal.—This precinct in Lassen county gave Debs 19 votes and P. E. Hargrave, the Socialist candidate for assemblyman, 34 votes. The total vote cast was 59, the Socialist vote being 16 per cent of the total.

Encouragement From Missouri Vernon, Mo.—Socialist vote, 1908, 171; in 1904, 65. This would have been at least 20 more this year, but some of the voters were train men and had to go out on the road. There was no literature.

Slump in Rock Island, Ill. Rock Island, Ill.—In 1908 Debs polled 243 votes. In 1904, 242. This year he received 1,972 votes. The vote this year is a class conscious one.

Kentucky Towns in Big Gains Louisville, Ky.—The official count gives Debs a total of 123, Bryan an undoubted took some of the voters that inclined to Socialism, but the 17 represent the real Socialists.

17 Real Socialists Market Lake, Idaho.—Debs polled 17 votes out of a total of 123. Bryan undoubtedly took some of the voters that inclined to Socialism, but the 17 represent the real Socialists.

Fair Increase in Marissa, Ill. Marissa, Ill.—The old and new town here have given Debs a total of 128 votes. In 1904 the total was 96 and in 1906 it was 94.

Decrease in Alexander County, Ill. Cairo, Ill.—Alexander county gave Debs 36 votes this year. In 1900 the Socialist vote was 37, three votes. In 1904 Debs polled 103.

Election in Socialist Hall Silverdale, Wash.—First election held in a Socialist hall owned exclusively by the Socialist local of 10 members. Republican, 196; Socialist, 47; Democrat, 43.

Illinois County in Big Gain Waukegan, Ill.—Lake county polled 259 Socialist votes against 76 cast in 1904. The first ward in this city polled 57 votes against 9 cast in 1904.

Loss Out by Three Votes Only Grand Saline, Tex.—The Socialists here almost carried the town. The Democrats polled 206 votes, the Republicans 30, and the Socialists 203 votes.

Gain in Bar Harbor, Me. Bar Harbor, Me.—Last September the Socialist vote in this city was 27 out of a total of 1,276. This time it is 31 out of a total of 670.

Official Count Shows Gain Newsho, Mo.—According to the official count, Newton county showed 303 votes cast for Debs. This is a gain of 51 per cent over 1904.

Official Vote in Jasper County Jasper, Mo.—According to the official count, Jasper county polled 639 votes in Jasper county. Total polled, 9,137 and Bryan 1,130.

Gains 911 Votes Greensburg, Pa.—Debs' vote in Westmoreland county four years ago was 257. This year it was 1,485, a gain of 511.

New Socialists Vote Lovington, Ill.—The Socialist vote in Moultrie county was 24-16 in Lovington and 8 in Sullivan. Fourteen of the sixteen votes were Socialists. This is the first time that there has been a Socialist vote cast here. One of the new recruits came forty miles to cast his first vote for Debs.

Correction for Joplin, Mo. Joplin, Mo.—In Friday's issue of the Daily Socialist, 16 Socialist votes were shown for Joplin. The official count gives 42 in Joplin and 1,530 in Jasper county. The county vote fell off slightly.

A Missouri Increase Fordland, Mo.—Four years ago the entire county vote gave the Socialists only nine votes. This year five precincts were as follows: Fordland, 14; Seymour, 20; Rogersville, 19; Hazlewood, 6; Dallas, 2. The Socialists are encouraged and will keep up the fight.

Lucas County, Ohio, 38 Per Cent Toledo, O.—Lucas county polled 377 votes for Debs, a gain of about 38 per cent over four years ago, when 2,455 votes were cast.

Another Ohio Increase Chillicothe, O.—The following is the vote of this county: Debs, 1,908, 97; 1904, 51, a gain of 42 votes.

85 Per Cent in Hancock County Findlay, O.—The Socialist vote for Debs in Hancock county was 393. In 1904 it was 125, a gain of nearly 85 per cent. The increase in vote came mostly from the rural districts, where the farmers are beginning to see things and have declared that there will be "something doing."

Gain Shown in Kenton Kenton, O.—Kenton gives Debs 99 votes and Wharton for congress 112 votes. Two years ago the vote was 21.

Another Farmers' Vote Cheney, Wash.—This precinct gave the head of the Socialist ticket 31 votes and 17 straight. Stickers had to be used for state and county tickets. Rock Creek precinct, all farmers, out of 61 votes cast, gave Debs 15, Bryan 10, Taft 31 and Prohibition 4.

Leads Vote of Bryan Curlew, Wash.—Socialist 57; Republican, 45; Democrat, 18. In 1904, Socialist, 15; Democrat, 20; Republican, 60.

From an Oregon County Beavercreek, Ore.—The result in Washington county is as follows: Taft, 2,329; Bryan, 1,185; Chaffin, 122; Debs, 118; Higgin, 19.

Correction on Cleora Vote Hawthorne, Ill.—The report that the town of Cleora polled only 52 votes is an error. Hawthorne alone polled 61 votes, while last election there were but 15.

Grundy County Vote Heavy Bradwood, Ill.—Newspaper reports give the following Socialist vote from three towns in Grundy county: South Williamson, 48; Coal City, 31; Braceville, 16. In Coal City Bryan's vote was only 110.

Lone Worker Rewarded Edgerton, Wis.—Edgerton, 8; four years ago, 4. Alton, 3; four years ago, nothing. In Edgerton the Daily Socialist and the Appeal to Reason were passed out by a lone Socialist worker. A street vote in the school showed four Socialist votes, which will swell the real vote four years from now.

New Ninety-five; Was Nineteen Shelbyville, Ind.—Shelby county, Ind., polled 95 votes in last Tuesday, against 19 two years ago.

Carry Bureau, Cal. Graniteville, Cal.—Bureau's precinct was carried by the Socialists. The vote is: Debs, 53 votes; Bryan, 18; Taft, 15.

Looks Suspicious at Fort Wayne Fort Wayne, Ind.—The unofficial returns give the Socialist vote of 128

count was 494. Four years ago it was 476. Of the slowly precinct watchers in the county only 17 have reported. There is reason to believe that the vote in Allen county; this year is about 500.

1904, 44; Now, 200 O'Fallon, Ill.—The returns from three townships in this county give Debs 200 votes against 44 cast in 1904.

Big Increase in Carrol, Ind. Carrol, Ind.—The Socialists polled 69 votes in Carrol county this election against 19 votes polled in 1904.

Big Gain in Lehigh County, Pa. Allentown, Pa.—Official returns give Debs 415 votes in Lehigh county. In 1904 the Socialist vote was 177.

Poll 40 Votes Less Than in 1904 Jacksonville, Ill.—The Socialists in this city polled 111 votes, which is a decrease of 40 votes against 1904.

Small Decrease in Livingston, Mo. Chillicothe, Mo.—Livingston county cast 42 Socialist votes this year against 54 cast in 1904.

BAIL REFUSED TO ICE KING

New York, Nov. 11.—Charles W. Morse, financier and former ice king, will remain in the Tombs for the present. Bail was denied him at the closing of the United States Circuit Court of Appeals yesterday.

The writ of error that has been granted him expires on December 3, when he must appear in court. His fight against the fifteen years' penitentiary sentence now bearing upon him, Judge Loveman, Ward and Cox decided that while it was denied it was done so "without prejudice to a renewal of the application, after a bill of particulars is filed."

The judges stated briefly that as the trial judge in the proceedings against Morse had refused to admit him to bail, the reviewing judges were not prepared on the papers submitted to them to make a disposition of the motion.

Morse had been hopeful of gaining his release from the Tombs yesterday and the denial of bail came as a hard blow. His wife and son Harry had been with him in the jail during the afternoon and they encouraged him in the belief that he would be free by tonight.

JOSEPH HONORE JAXON IS NOT LIKED; GETS 14 VOTES Winnipeg, Man., Nov. 11.—Joseph Honore Jaxon, who came into the limelight through his letters to President Roosevelt on the Moyer-Pearlone "undesirable citizenship, was an independent candidate for parliament in a general election held in the town of Prince Albert, Saskatchewan, today. Of the 949 votes polled in Prince Albert City, Jaxon, who was a third candidate, polled only 14.

However, Jaxon expects to gain materially in the outlying districts, where he has a large following. Two of these polls are over 500 and six others over 250 miles from the nearest telegraph office or railroad, and the ballot boxes from these two distant polls will be two weeks at least in coming down to civilization in dog sleds.

MISSOURI SOCIALIST WHO BETRAYED PARTY REPENTANT (SPECIAL TO THE DAILY SOCIALIST) Beaver, Mo., Nov. 11.—Just before election day, S. C. Snodgrass, a member of the local Socialist party branch was detected working in the hands of the Democrats at the instance of a local mine operator. On being confronted with the evidence against himself he confessed, and tendered the branch his resignation, which was accepted.

Snodgrass was very sorry over his action and, while his resignation was in effect, he has written to the party, in which he says: "I hereby tender my resignation as a member of your most Democratic body, believing that it will decrease the interest of the party at the present time. With charity to all, I am with you even unto death. "S. C. SNOGRASS."

You and Your Job, by Charles Sandburg, is a new propaganda booklet, simple and forcible, just the thing to hand to a wage-worker who shows signs of being ready to start thinking for himself. Price 5 cents; 60 copies of 60 assorted booklets, no two alike, mailed for a dollar.

Charles H. Kerr & Company, 153 East Kinzie Street, Chicago.

Jack London

Of all the authors of fiction there are none who can compare with London in the power of his pen. He pictures his characters as living, moving, animated creatures, whether they be human or dog. His stories are full of life and vigor, and his brief assistance given in actual contact with the world, makes his writing so real and so convincing.

In his latest book there is no lack of the London style. He has not yet got it you will regret some day not having

LEADING COSTS LEAR TOO HIGH

Concern Charges Double What Sanitary District Asks for Service

The sanitary district officials do not think that they will be "double crossed" and the electric light trust favored by the city council.

"I have not the slightest fear that the sanitary district will fail to get the contract for city lighting," said President McCormick of the sanitary district. "We can sell the current for lighting," he continued, "at a lower price than the Commonwealth-Edison company can produce it."

Mayor Now Approves The mayor was opposed to our entering Chicago in the first place, but he is now fully determined that Chicago should be lighter at the lowest price proportionate to the best service. The sanitary district produces its current by water power, while the Commonwealth-Edison company does it by steam and never has its own cars of its ability to undersell the company."

Asked about the possibility of the sanitary district electric power being used for street car purposes, McCormick said: "The present plant gives an alternating current of too high potency to be used for street car service. At the new plant which the district is expecting to build near the city than our plant at Lockport, the requisite machinery will be installed. I expect, to give the current for the street cars of Chicago."

This argument was met that Chicago has its own power for its own cars because its power plants are being done away with. Returning to the lighting proposition, which is put before the city in the report of Bion J. Arnold and Arthur Young, McCormick said: "It was after a conference with Mayor Busse that the idea of the report was reached. Bion J. Arnold and Arthur Young were selected by the mayor."

District Price Lowest "Their report shows that our lighting is the cheapest. It is far cheaper than the Commonwealth-Edison company can meet."

The Commonwealth-Edison asks \$75 per year for each street light; the district wants \$42.

Information on file at the drainage board offices shows that in addition to supplying light the district is in a position to furnish power for use in city pumping stations. A plant with 40,000 horsepower has been built at Lockport, and is in operation. Another plant of equal capacity has been planned.

According to an understanding between the city and the sanitary district, it is stated that the district shall have the right to submit the proposition of doing part of the pumping by electric power. The district is to be built at Roseland, which is just north of West Pullman, the sanitary district trustees desire to have at least half of the plant run by electricity. In support of this proposition, the district makes it a condition that the electric pumping station recently installed at Duluth, Minn.,

The figures show that a plant handling 12,000,000 gallons a day was installed for \$23,000, while the steam equipment for a plant of equal size was offered for \$60,000. And while the steam plant would have taken up a large amount of space, the 12,000,000 gallon electric pump is located in the basement of the waterworks. It produces the required number of gallons at a cheaper rate than the steam would. In that particular plant there is a steam auxiliary of much less power.

Pumping Station Plan The detailed figures throw a remarkable light on the cost of city pumping stations.

The electric pump of 12,000,000 gallons capacity, placed and firmly set, was \$90,000 without the necessary piping or boilers. The electric pump of the same capacity cost \$16,500. The piping and meters cost \$4,000, and the former house cost \$2,000, a total of \$23,000. A letter calling attention to this condition and asking that electric power be considered for at least half of the equipment of the pump at Lockport, was sent to City Engineer Erickson on October 25, and up to date no reply has been received.

FOREST FIRES IN MICHIGAN ARE NOW LAID TO POLITICS Battle Creek, Mich., Nov. 11.—[Editor words that message a day the upheaval against politics in the forest jurisdiction characterized yesterday's session of the Michigan forestry meeting. Michigan has lost millions of property and two score of lives of late in forest fires, and the delegates today were primed for action.

The state government was assailed for permitting politics to dominate in game warden appointments. Prof. Albert Roth of the University of Michigan declaring that Michigan could not look down on Russia for disregarding the human life. Game Warden Pierce of Lansing defended himself vigorously, and offered to discharge any deputy who could be convicted of placing politics ahead of his duty. But Chief James J. Hubbel, Manistee, protested that in an effective game warden, but that sparks from locomotives do not start the forest fire. He lays the blame on careless smokers, and in all seriousness he suggested laws forcing hunters and northern travelers to have asbestos pockets for burned matches, screens for car windows, and rules prohibiting smoking on rights of way.

Run Your "Want" in the Daily for 25c—Get Quick Results. Readers of this newspaper, if you have a "want" of any kind, put it in the Daily and you will get quick results. A "want ad" in this paper will bring as prompt returns—probably more so for you—than the classified columns of the capitalist press.

We are going to build up a strong "want" department in this newspaper, and we ask you to help us. It will cost you nothing to put your "want ad" in the Daily, but a good number of these little ads taken together will mean good revenue for the paper.

The regular charge per line is 25 cents. For a limited time, however, we have cut the rate radically to get you to try the paper. You can run a three-line ad twice for only 25 cents in any of the following lines: Help Wanted, Situations Wanted, Houses, Flats or Rooms to Rent, Miscellaneous Wants and Miscellaneous For Sale. In any of these you will get quick results through the Daily. Mail your order today.

Send notices of your own meetings to the Daily Socialist.

ROBBED AND THEN SHOT AT INVESTIGATION OF A WOMAN?

Peter Flox, 23 years old, 2348 West Seventy-second street, was shot and severely wounded at West Seventy-second street and Irving avenue early today while fleeing from two men who had stopped and robbed him of a pocket book containing \$24. The bullet entered his right thigh, near the groin. He was taken to St. Bernard's hospital. His assailants escaped after the shots had been fired.

Flox, who is employed as a clerk, believes the attack was inspired by a woman with whom he says he recently had trouble. He says that the English wood station are investigating the case. Flox would not reveal the name of this woman, and detectives are trying to learn her identity.

The young man, according to his story to the police, had been visiting at the home of friends living in the vicinity of West Seventy-second street and Western avenue, and was returning to his home. He said he was walking west on Seventy-second street and Irving avenue when two men stepped out of a doorway, pointed revolvers at him and commanded him to hold up his hands. He complied and submitted to having his pockets searched.

REIGN OF TERROR ON IN CALCUTTA Calcutta, India, Nov. 11.—The city of Calcutta is terrorized by an outbreak of political crimes. The attempt made three days ago on the life of Sir Andrew H. L. Fraser, lieutenant-governor of Bengal, was followed by a murder last evening. A Bengal detective who had been active in trailing the revolutionists was shot down on a crowded street by three men who riddled his body with revolver bullets. The people fear to give information concerning the criminals lest vengeance be visited on them. The police seem powerless.

One of the natives who was found guilty of murdering a man named Gossans was a native who turned king's evidence against several fellow conspirators and was killed in a cell of the Alipor jail by two fellow prisoners.

All the police reserves of the city have been ordered on duty to prevent sympathetic demonstrations.

CLARKSON-MALONEY WEDDING ADVERTISED NOT TO OCCUR New York, Nov. 11.—Because the ecclesiastical authorities in Rome do not follow the example of the New York courts and annul the marriage of Helen Maloney and Arthur Herbert Clarke, the marriage of that young woman to Sam Clark, the young Englishman with whom she eloped, is not to take place.

The following announcement was made yesterday in the form of an advertisement in the New York newspaper, which circulates in Spring Lake, where Martin Maloney, Miss Maloney's father, has an estate:

Clarkson-Maloney.—The marriage between Mr. Clark and Helen Maloney, daughter of Martin Maloney of Philadelphia, will not take place.

For weeks Clarkson has been in Spring Lake, hovering about the home of the Maloneys. He claimed that his secret marriage to the girl in Montreal, when they were on their flight to Europe, was binding and he insisted that Helen Maloney should resume her life with him. However, he was quite ready to accede to another marriage ceremony.

KANSAS CITY ALSO HAS SUNDAY THEATER LECTURES (SPECIAL TO THE DAILY SOCIALIST) Kansas City, Mo., Nov. 11.—A series of lectures on politics, evolution and social development, will be given by the Socialist of the city in the National theater. The lectures are to be run on the same basis as the Chienzo Garrick theater lectures, and Guy E. Edson will be the lecturer.

The lectures will be given on the first Sunday morning of every month. The Socialists here are of the opinion that a course of lectures of a prominent theater will prove effective in educating the workers of the city. November 8, was the first lecture date and proved successful. The subjects and dates of future lectures are as follows:

Sunday, Dec. 7.—"Evolution and Revolutions in Social Development." Sunday, Jan. 4.—"The Revolutionizing Power of Sunday." Sunday, Feb. 1.—"From Competition to the Trust in Socialism." Sunday, Feb. 8.—"The Impending Collapse of Capitalism." Sunday, April 4.—"The Socialist Transformation of Russia."

# HUNGER CAUSES MANY DEATHS

## Strong Men Are Trampled to Death in the Mad Scramble for Alms

(DAILY SOCIALIST CORRESPONDENCE.)  
Nehalpur, India, Oct. 16.—The number of starving people here is increasing to such a frightful rate as to cause much worry in official quarters. Fears of a great famine are expressed by men who are conversant with the situation.

**Distribution of Alms**  
On the occasion of the Durgh Pooja, cloth, money and eatables are annually distributed among the poor by the sons of the late Shyama Charan Ballah of Dhankura, and a large number of people gather together at the time. Year before last the number of people who were the recipients of alms was 12,000. Last year they were 9,000.

This year, owing to the prevailing famine, the number came up to, on a moderate calculation, about 25,000. Yesterday was the day on which the annual alms were to be distributed at Dhankura. In order to avoid the mad scramble for alms, the alms were distributed in a large open space in front of the local high school, temporarily surrounded by a hedge. From about 10 o'clock yesterday people began to pour into the enclosure and this continued till the evening.

**Women Are Separated**  
The women were kept in a separate enclosure in the premises of the residential palace of Babu Shyama Charan Ballah. At about 6:30 o'clock in the evening the two gates of the larger enclosure were opened and the men therein were asked to come out one by one and a piece of cloth and four pice were given away to each of them. When about a thousand men were thus coming out there was a great rush as each wanted to come out first for the weather was so inclement that everybody became impatient.

The rush became very great that even the robust men were trampled under foot, not to speak of the weak and emaciated whom famine led to the verge of death.

**Everything Was Chaos**  
The report goes that for a time everything was in chaos. The idea of distribution of the alms was to be abandoned and the hedges were cut through at many places to allow the people to come out as soon as possible. In spite of all this many people had to fall victims to the heat and suffocation.

Wild rumors of numerous deaths soon spread over the surrounding villages and a great alarm and sensation were created in the neighborhood. The women who were smaller in number and kept in a separate enclosure fortunately escaped the calamity which befell the members of the other sex.

Never was a benevolent project marred by such a calamitous disaster and I think the incident is unique in the history of Bengal.

**Wracks of Humanity**  
It may be noted in this connection that the calamity is partially the effect of the prevailing famine in the subdivision which the government is so anxious to ignore. I have already said that the people who assembled this year as objects of the charity numbered 25,000, about three times the number of those that attended last year.

This shows the extent of the poverty and the destitute state of the people in the subdivision. I have personally seen many of these people, and their wretched state shows that they are the wracks of their former selves. Had not the majority of those who have met with the unfortunate deaths been rendered weak and emaciated by constant starvation and disease, they must have been much less than what it is.

# TEACH MEN TO FIGHT SOCIALISM

## English Plutes Start an Oratorical School and Will Pay Good Salaries

(SPECIAL TO THE DAILY SOCIALIST.)  
London, Nov. 11.—To learn how to fight the "Socialistic hydra" which "threatens the safety" of Great Britain a number of patriotic pupils in oratory ranging from lawyer to mechanic, gather three times a day at 20 Victoria Street.

The school is organized by the Anti-Socialist Union, a body of politicians who recognize the plausibility, skill and experience of the Socialist leaders and aim at instructing a body of men so that they may be able to permit the maintenance of the status quo.

No student is accepted without careful inquiry as to his convictions, and none is permitted to engage in oratorical battle until he has gone through a course of instruction and has passed a stiff examination.

**Will Pay Orators Well**  
The Hon. Claude Lowther is the chairman of the organization, and among the supporters are the duke of Rutland, the duke of Westminster, Lord Londonderry, Lord Plymouth, Lord Newlands, Lord Hamilton, Sir Thomas Wright, Sir Andrew Noble, Sir John Flower and Capt. Jessell, Sir John Dickson, Poynder, a Liberal M. P., is on the committee.

"We shall pay our speakers well," said Lowther, "for we want the best men we can find. In time we propose to have a number of orators who are bound to no political party, for our sole object is to fight Socialism. There will be a publication department manned by strong writers, a complete European library of Socialist and Anti-Socialist literature, and an intelligence department served by correspondents throughout the constituencies."

**Improving Cavalry Arm**  
In order to have a sufficient force of cavalry ready for immediate service in Scotland. In case of war, the war office has for some time been considering various sites for the erection of permanent cavalry barracks in Scotland, Perth and Stirling being among the places.

# ANTI-MILITARIST CAUSE GAINS GROUND IN BELGIUM

(SPECIAL TO THE DAILY SOCIALIST.)  
Brussels, Nov. 11.—A tremendous anti-militarist movement has been going on in this city and the capitalistic backers of King Leopold are beginning to tremble for the popular effect of the anti-militarist movement among the masses of the Belgian voters as well as the moral effect of the demonstration throughout Europe.

Six of the largest halls in the city were filled to overflowing with crowds which shouted their approval of the denunciation of the militarists and the clericals. All the leading Socialists of Belgium spoke against militarism in all its forms, urged the repeal of the conscription law, and declared that the recent Balkan war scare was nothing more nor less than a capitalistic plot to draw the attention of the working class away from the horrors of the present industrial condition.

Le Peuple, the Socialist organ here, has attacked the militarist principle in a leading editorial. The paper declares that a standing army is merely the "outer guard" of the high financiers, the "sore of the arm of the bourgeoisie," says Le Peuple, "is the stern sign of capitalism. An armed peace is the only kind of peace that capitalism can maintain."

"Capitalism demands its hectorator, just as all conquerors demand their sacrifices are not of bulls, but of men. And where the Greek god demanded his hundreds of cattle capitalism is demanding its millions of the best blood and brain of the working class."

"Brussels is in a state of effervescence, the people are united against war, and the production of the means of war. And this agitation will be prolonged until the goal is reached."

# \$100 A Week

If we can get the readers of this paper to write us and find out what we are doing for our customers and friends we are going to pay them \$100 a week for the next 100 days. We want to know how many of our readers are willing to take \$100 a week for the next 100 days. We want to know how many of our readers are willing to take \$100 a week for the next 100 days. We want to know how many of our readers are willing to take \$100 a week for the next 100 days.

# 10,000 SEE BIG SHIP LAUNCHED

Quincy, Mass., Nov. 11.—More than 10,000 people, including representatives of two states and of the national government, gathered at the yards of the Fore River Shipbuilding company today to see the launching of America's most powerful sea fighter, the North Dakota.

Although the North Dakota follows nearly a dozen great vessels launched at the Fore River yards, her striking the waves today was regarded as establishing a new epoch in the United States navy because of her tremendous strength, not for attack and defense, through the additional thickness of her armor and the fact that she is the first all big gun ship of the navy.

The North Dakota is the first American fighting ship of the so-called Dreadnought class. A new record was made in the first stage of its construction, as only 282 working days elapsed from the time of laying the keel until the launching.

When placed in commission the North Dakota will be 610 feet long on the lead water line, with a breadth of 85 feet 2 1/2 inches at the same point. The length over all will be about 615 feet 8 inches. The ship will have a displacement of 20,000 tons, 2,000 more than that of the original British Dreadnought. It is estimated that a speed of more than 21 knots will be attained on her trial run, and that the ship's horsepower will exceed 25,000.

Including officers the crew will number more than 800 men. It is estimated that the cost of the ship will be about \$17,000,000, the contract price of hull and machinery alone being \$1,377,000.

**JUDGE SAYS L'VE IN ARMY MAKES MEN IRRESPONSIBLE**  
St. Louis, Mo., Nov. 11.—Federal District Judge D. H. DeLoach yesterday announced his intention to stop the "infinite" letter writing evil by imposing heavy sentences, yesterday in open court condemned the army service in the Philippines as a "slandering a man for his responsibilities."

He let off Joseph Russell White, nephew of Gen. J. J. Russell of Charleston, Mo., with a nominal fine of \$1, without costs, a charge of writing an "infinite" letter to Miss Rosa Decker, artist, in answering her advertisement. In his decision Judge DeLoach said: "The Philippines is a free republic, it is the duty of every man to be responsible for his actions."

# FREE MEDICAL SERVICE IS ESTABLISHED FOR CITIZENS

(SPECIAL TO THE DAILY SOCIALIST.)  
Christiana, Norway, Nov. 11.—Free medical service to all citizens resident in the commune (township) of Nedre Eker has been established by the communal council of that commune. The ordinance, which was a Socialist measure, was adopted by eleven Socialist votes against nine cast by the representatives of the bourgeois parties.

The ordinance provides for the appointment of two physicians at an annual salary of 4,500 kroner (\$1,200) each, whose duty it shall be to furnish medical service to all residents of the commune. The new order of things will commence on January 1, 1921. In order to eliminate the stigma of charity, the Socialists framed the measure in such a way that the salaries of the communal physicians will be drawn from the general tax fund and included in each year's budget.

Nedre Eker is a commune several miles south of Christiania and has a large agricultural and proletarian population. It is the first commune in this country to adopt so comprehensive a plan of free medical service, which includes not only the poor, who normally are unable to pay high fees, but all citizens, whether rich or poor.

From an expenditure made by leading members of the medical profession it is believed that the Norwegian Medical Society will give its hearty support to the plan. The Socialist press is urging all other communes to follow the good example set by Nedre Eker.

# PROGRESS OF INDUSTRIAL DEPRESSION ABROAD SHOWN BY DAILY'S DISPATCHES

(SPECIAL TO THE DAILY SOCIALIST.)  
Beauvais, France, Nov. 11.—A lock-out has been declared against the striking glass workers here. At Feugueres a lock-out has been in effect since October 25.

**1,200 Strikers Demand Interview**  
Lille, Nov. 11.—The strikers at Auchel to the number of 1,200 have decided to demand an interview with the mine owners and unless the demand is granted the strike threatens to spread to all the mines in the district. The strikers have been out for more than three weeks.

**Nunonists Called 'Yellows'**  
Marles, France, Nov. 11.—The strike is spreading in the mines here and 800 men are now out. Two hundred of the "yellows," as the strike breakers are called here, joined the ranks of the union men yesterday. The defection of the "yellows" has frightened the mine owners and it is probable that the mines here and at Bethune will be opened up next Monday on the basis demanded by the strikers.

**Man Causes Strike of 200**  
St. Amand, Department du Nord, France, Nov. 11.—Following the discharge of a member of the union here two hundred members of the local employed in the forge here have struck, demanding that the man be sent back to work.

**Idle Increasing Demands**  
Chemnitz, Saxony, Nov. 11.—Unemployed men are increasing their demands, as they are able to force municipalities to voice subsidies for city and village improvements throughout Saxony. The temper of the men who have been thrown out of work at the big breweries and other large manufacturing industries by the industrial crisis is ominous. There are more unemployed in Saxony now than at any previous time in the history of the kingdom.

**Public Forces Council to Act**  
Brussels, Nov. 11.—Public pressure has forced the city council here to vote \$20,000 for the relief of the unemployed in Brussels and the surrounding territory. There is much dissatisfaction with the manner in which the fund is being administered. A committee has been appointed to examine the complaint.

# CONRAD STOCK AGENCY

100 N. W. WENTWORTH CHICAGO  
OCTOBER SALES \$2,000 SQUARE

# YOUR DOG DRUNK AND YOU CURE HIM IS ADVICE

(SPECIAL TO THE DAILY SOCIALIST.)  
Brussels, Nov. 11.—The dogs of Brussels, the dogs which draw the milk carts and the dogs which do not draw anything but a rock from a small boy, the dogs which are harassed up with the women of Brussels in order that the progress of the vegetable carts down the street may be expedited, have an epidemic of their own.

No, it is not the pip which is troubling the working dogs of Brussels, nor yet is it pleurisy or fatty degeneration of the heart. The dogs are more fashionable than that; they are having an epidemic of—well, something nearly allied to appendicitis. At any rate the trotting and verminiform are in the appendix for the dogs are troubled with worms.

A daily paper of Brussels, Le Peuple, has just printed an antidote for the disease. Take a dog troubled in his appendix or anywhere else in his "innards," as Colonel Sellers would say, and make him goodly and sufficiently drunk and the disease will depart.

Here is the recipe printed in Le Peuple for the cure and resuscitation of dogs with things of a troublesome nature on their insides:

Mix a tenth of a liter of absinthe with the same amount of ale and add to this a liter of water. Boil until the boiling point is reached, then boil some more until the whole has been reduced to enough of the liquor to fill a wine glass. Then add a glass of milk to the mixture and stir thoroughly. If he survives nothing in the world can possibly trouble him any longer.

If the dog does not survive—well, the recipe says nothing about that.

# BIG OIL FINE IS DEAD FOR GOD

Denial of the petition of the United States government for a rehearing before the United States Circuit Court of Appeals in the Standard Oil company case involving the \$29,240,000 fine imposed by Judge Landis was announced today in the opinion handed down by Judge Grosscup, Seaman and Baker of the Circuit Court of Appeals.

The first finding sustained. The decision rendered by the court of appeals today sustains the first finding of that court by which the \$29,240,000 fine against the Standard Oil company was annulled and wiped out, and reiterates a reversal of Judge Landis' findings. The Standard Oil company and for the United States government were in court when the decision denying the government's latest plea in the case was read.

"The petition for rehearing," the decision says, "questions the correctness of the text of that portion of the opinion that relates to the trial judge's statement, in passing sentence, that he was 'unable to include the presumption that in this case the defendant was convicted of its virgin offense.' The point of the petition being that in the use of the word 'defendant' in connection with the Standard Oil company referred to the Standard Oil company of Indiana and not to the Standard Oil company of New Jersey.

The trial court, in passing sentence, expressly stated that the Standard Oil company of Indiana was only the nominal defendant, the Standard Oil company of New Jersey being the real defendant; and the court, in its conclusion respecting the sentence, related to the Standard Oil company of New Jersey and not to the Standard Oil company of Indiana. In the statement that the revenues of the crime showed that they had a peculiar relation to each other—the revenues referred to obviously being and referred to the Standard Oil company of New Jersey."

The attorneys for the government will at once confer with Attorney General Bonaparte and will then decide whether an application to the United States for a writ of certiorari shall be made or not. The granting of such a writ is optional with the supreme tribunal of the country in litigation such as the Standard Oil case.

Would End the Case  
If that court refused to grant the writ the case would then be ended. If the application for the writ is granted then the United States Supreme court would hear the case in all its details just as Judge Landis had it before him.

# MAN SURVIVES SIX WEEKS WITH FRACTURED SKULL

Aurora, Ill., Nov. 11.—Harry Rasey, 22 years old, son of an Aurora business man, walked about the streets of Aurora yesterday for six weeks unconscious that he had a fractured skull. A severe headache coming on yesterday, he consulted a physician, who discovered the hurt. Though the surgeon hurried the patient to the hospital, it was announced that he could not live.

The young man's bride is near collapse. She is at her husband's bedside. Rasey slipped and fell, striking on the back of his head, six weeks ago, though stunned, he soon regained his senses. A severe headache annoyed him for several days, then ceased, and Rasey gave the accident no more thought.

On examination by the surgeons a piece of the skull was found pressing on the brain. This had caused a decay of the tissues, apparently arising from pain. The jagged bone was removed, and the surgeons hold out no hope for the patient.

# MISSISSIPPIANS LYNCH A NEGRO FOR ASSAULTING GIRL

Holt, Miss., Nov. 11.—The jail here was forced yesterday by a body of white men, who lynched Henry Leddy, a negro, charged with assault upon Elizabeth Houllet, a white girl, aged 17. Leddy was taken three-quarters of a mile from the jail and hanged. Not a shot was fired. The crowd acted quietly and quickly dispersed. The negro's remains were buried in a shallow grave.

The negro's victim lived on the western outskirts of town, where several murders and other crimes have been charged to negroes.

The girl, after other maltreatment, was rendered insensible with a club and left for dead. She regained consciousness and disclosed the perpetrator of the crime, who was quickly captured.

# FOOTBALL TEAMS DISBAND AS RESULT OF BOY'S DEATH

Evansville, Ind., Nov. 11.—Owing to the death of Albert Daugherty, aged 23, of this city, who was injured last Saturday in a football game at Henderson, Ky., several teams in this part of the state may disband.

Daugherty was left guard on the Evansville Y. M. C. A. team, which played the Henderson Reds. He tried to block a center rush and fell in a scrimmage. At the time it was thought that his injuries were not serious, but later it developed that he had fractured his spinal column.

# THE ENCYCLOPEDIA OF SOCIAL REFORM

If you cannot afford to buy one book to your library this is THE book. In fact, it is a library in itself.

There is more matter in it than in almost any other fifty Socialist books combined. It has over 1,000 pages of matter, and it does not tell the same thing over and over as would fifty different Socialist books.

It will furnish just the facts that every Socialist speaker wants to know. It tells the Socialist vote in each country, the number of representatives in state and local bodies, papers published and other forms of activity.

There are articles on all social movements. It gives biographies, with present addresses, of the Labor, Socialist, or Reform movement.

It does a thousand other things that no other work does and that you want done for you.

It is up to date, condensed, well indexed, priced and bound.

Price, \$7.50, Postpaid.

Order from  
THE CHICAGO DAILY SOCIALIST,  
180 Washington Street, Chicago

# SACCO NOW IN AMERICA

King Edward, on account of the wonderful cure of consumption in England from (Sacco) the South African Herb, has (Sacco) sent to Buckingham Palace—also for Asthma, Bronchitis and Whooping Cough. Send for free booklet.

SACCO CO.,  
232 N. Kedzie Ave., - Chicago

# IS YOUR EYESIGHT FAILING?

Send all remittances to the Chicago Daily Socialist, 180 Washington Street.

Hitherto those who have loaned money, except upon first mortgage notes, have done so out of sympathy, and many times with little expectation of having it returned. We have always frankly told lenders what they might expect. Today we believe that the Daily Socialist is an assured enterprise that can guarantee that the risk involved in the purchase of the present series of bonds will be no greater than in loaning money to any well-established industrial enterprise.

If the bonds are sold, not only will their own payment be assured, but the possibilities of the paper will be so vastly improved that no further assistance will be needed.

# WHAT THE BONDS ARE FOR

The bonds will be used, first, to refund all outstanding mortgages and notes, and second, to provide the funds absolutely necessary for that enlargement and improvement which will place the paper on a profitable basis and render it much more effective in the fight for Socialism.

They will be secured by a mortgage on all the property of the paper. As all earlier mortgages will be released as rapidly as possible by the exchange of outstanding notes for the bonds, the latter will almost from the beginning be secured by a first mortgage. All money received in excess of the present indebtedness will be used in improving the plant and in other ways increasing the value of the property, so that at all times the bonds will be thoroughly secured.

THE CHICAGO DAILY SOCIALIST  
180 Washington St., Chicago.

# THE SOCIALIST FIGHT OF 1920.

Socialism is not coming four years from now and perhaps not eight years from now, but it may come twelve years from now if all who are now Socialists will bend every effort during the next twelve years. It takes time, argument and thought to make Socialists.

The Progressive Journal of Education, the new Socialist school periodical, is destined to play an important part in the steady process of conquering capitalism. Already it has begun its work of indoctrinating Socialism in the minds of the school teachers of America, thus opening the way to the training of the youth of the land along progressive instead of reactionary lines.

The value of propaganda among the school teachers of America is two-fold:

(1) Because of the influence of the teacher on the community. The time is now passed when for a teacher to be known as a Socialist will endanger his or her job; and, since the teacher, especially in rural districts, is looked up to for superior learning and intelligence, the knowledge that he or she is a Socialist will have great effect.

(2) Because of the influence of the teacher on the child. Prejudices instilled in the mind of a child are hard to eradicate. At present the child in the public school is thoroughly steeped in exaggerated patriotism and individualism, so that, after it grows up it is hard to reach with Socialism. School teachers who are Socialists can change all this.

Twelve years from now, when Socialism is fighting its decisive battle, the school children of today will be fighting as adults on one side or the other.

During the next twelve years the Progressive Journal of Education can be the means, either directly or indirectly, of winning a million votes for Socialism. It all depends on the use which Socialists make of it.

Have you seen a copy of it yet? Here is what a few Socialists said about the first issue:

**Fills Long Felt Want**  
Charles H. Moore of Hudson, Mass., writes:  
"I have read the first number of the Journal through and through, and, if the first number is any criterion to go by, future numbers will be eagerly sought for and prized. I believe your magazine will fill a long felt want, something actually needed, and now that it is here, something that will be appreciated."

**Full of Force and Vigor**  
Jean Peterson of Bow, Peterson & Co., publishers, Chicago, writes:  
"I am highly pleased with the first number of the Progressive Journal of Education. It makes a splendid start-off and will surely meet a great need in this field. The articles, it seems to me, all have an unusual amount of force and vigor, so often absent from educational journals. By Judge Grosscup, Seaman and Baker of the Circuit Court of Appeals."

**Is a Splendid Beginning**  
E. A. Jeisington, general manager for the "George Plan" books, Detroit, Mich., writes:  
"Last night at nearly ten I received the first issue of the Progressive Journal of Education. It is a splendid beginning to me all the good."

**Fully Justifies Title**  
James Fraser, Edwardsville, Ill., says:  
"I have just finished reading the first number of the Progressive Journal of Edu-

cation. From 'The Origin of Free Schools' to 'The Non-Sense and the Vain' it is all new. I have enjoyed every article in it. This number fully justifies the title of the magazine. This is the type of magazine that will hasten the realization of our ideal by educating the people. I want to see the Journal grow and the number of subscribers multiply."

**Just What Is Needed**  
Peter Schneider, Rural Route No. 2, Piquette, N. Y., says:  
"I read the first issue of the Progressive Journal of Education with pleasure and think it is just what is needed in our country. It is a breath of fresh air, and it is the only one of its kind in the schools where the teachers receive their education."

**It Molds the Future**  
Harry Rubin, the well-known Socialist of Toledo, O., says:  
"The first issue of the Progressive Journal reached me yesterday. It is certainly unique in its character, and it is the only one of its kind in the schools where the teachers receive their education. It is a breath of fresh air, and it is the only one of its kind in the schools where the teachers receive their education."

**Should Be Circulated**  
Joseph Steiner writes from Soldiers' Home, Chicago:  
"The first issue of the Progressive Journal of Education has reached me, and I am glad to see it. It is a breath of fresh air, and it is the only one of its kind in the schools where the teachers receive their education. It is a breath of fresh air, and it is the only one of its kind in the schools where the teachers receive their education."

**Is Rich in Thought**  
G. W. Pauley of Lodi, Cal., writes:  
"The first number of the Progressive Journal of Education is a breath of fresh air, and it is the only one of its kind in the schools where the teachers receive their education. It is a breath of fresh air, and it is the only one of its kind in the schools where the teachers receive their education."

**Should Be Circulated**
