VOL. V.—NO. 13.—NATIONAL EDITION.

WEDNESDAY, NOVEMBER 9, 1910.

NATIONAL EDITION.—PRICE ONE CENT.

## SOCIALIST VOTE IS PILING UP ALL OVER THE NATION

### Victory and Heavy Polls. Report from Every Corner of Land.

Victor L. Berger will be elected to the United States Congress from the Fifth Wisconsin district by a plurality of 4,082 votes, at least, over the Republicans and 5,588 over the Democrats.

Winfred R. Gaylord will carry the Fourth district in the same state by 2,500 over the Republicans.

Eighty Thousand in California. J. Stitt Wilson, candidate for governor of California on the Socialist ticket, is counted on to poll 80,000 votes, the union labor voters being with him almost to a man.

The Socialist vote in Pennsylvania is expected to reach 60,000.

The congressional election will result in the seating of Berger and Gaylord as members of the Sixty-second Congress, which will convene shortly after March 4, 1911 when it is expected a special session will be called.

At that time the Taft administration will have been in office for two years and will have the most critical period ahead of it.

It Will Be Interesting. In that period the two Socialist congressmen, both with years of training as debaters, will make it interesting for the old party men, especially so on matters affecting labor.

The calculation on which Berger is assured of a plurality of 4,000 votes in round numbers is the record of the balloting in the Fifth Congressional district, for the portion of the district within Milwaukee, at the last mayoralty election and the vote at the last congressional election in Milwaukee and Waukesha counties, is as follows:

Here's the Vote. For ten wards in Milwaukee: Socialists, 15,673; Democrats, 6,926; Republicans, 6,987.

For Waukesha county: Socialists, 650; Democrats, 2,965; Republicans, 4,622.

Milwaukee county: Socialist, 179; Democrats, 323; Republicans, 611.

Grand total: Socialists, 16,502; Democrats, 9,914; Republicans, 11,520.

Slayton in Pennsylvania. In Pennsylvania, John W. Slayton, for governor, will make a strong showing. The strikes at McKees Rocks, Philadelphia and Pittsburg and the industrial conditions in the state at large will produce a heavy Socialist vote.

Heavy Ohio Vote. In Ohio the Socialist vote will be heavy, Columbus leading in the ranks. Governor Harmon, Democrat, has lost the support of the union men through his attitude in the street car strike, which is still on.

General Review. Election of state officers, judges of the Supreme Court, railroad commissioners, etc., will be held in thirty-eight

(Continued on Page 2, Column 4.)

## Roosevelt to Get a Jolt?

Every New York newspaper has on its staff a political reporter who, by reason of his skill and long experience is able to go about the state two weeks before any election and predict the result of the contest.

I have never known these predictions to fail of verification.

## NOTICE TO SUBSCRIBERS OF THE DAILY SOCIALIST

Owing to the fact that this edition went to press shortly before the close of the polls, when the election results could not be determined, no news of the returns is here given.

## SOCIALIST IS OFFERED BRIBE

### Hammond, Indiana, Lawyer Tries to Buy Congressional Candidate for \$50.

Marion, Ind., Nov. 8.—N. G. Mariatt, the candidate of the Socialist party for congress in the Eleventh district, over his own signature charges that he has been approached by a friend of George W. Rauch, his Democratic opponent, and offered the sum of \$50 to withdraw as a candidate.

Joseph H. Conroy, a lawyer of Hammond, is the man charged by Mariatt as the man selected by the Democrats to call and "see" him and get him to take his name off of the ballot.

"When this tool of capital interests saw that I was not for sale he asked me who was the chairman of our central committee. I told him, and he said he would see Mr. Haup, our chairman in Wabash.

Not for Sale. "When this tool of capital interests saw that I was not for sale he asked me who was the chairman of our central committee. I told him, and he said he would see Mr. Haup, our chairman in Wabash.

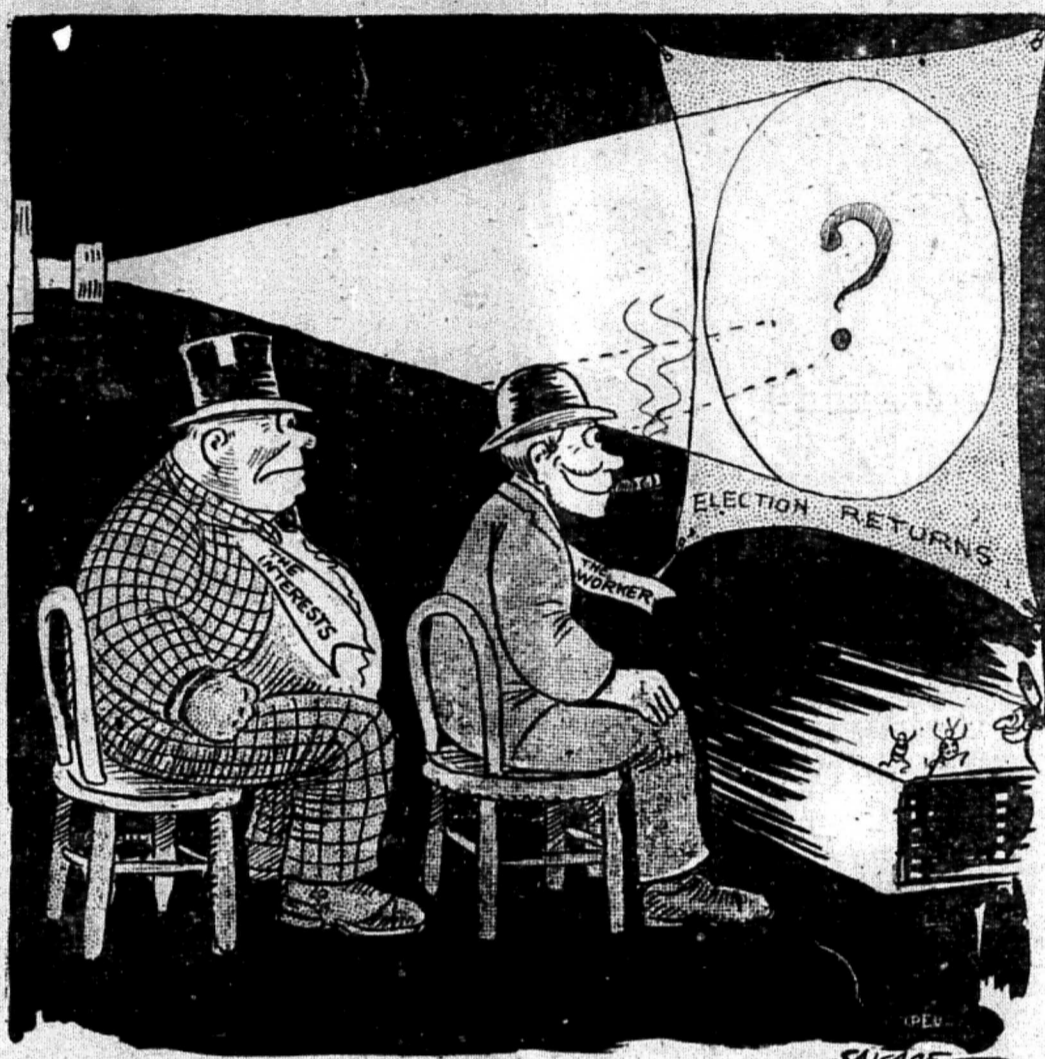

GATES, JR., ALSO HAS MANIA FOR BETTING HIS COIN. New York, Nov. 8.—Charles G. Gates, son of "Betcher-a-Million" John W. Gates, took his first plunge into the sporting life of New York since his operation for appendicitis in July, on Thursday night last. It cost him \$46,000.

GERMANY MAY BECOME INVOLVED IN STRIKE. New York, Nov. 8.—The German Imperial Parcel Post, which maintains a parcel delivery in New York, is much perturbed over the prospect of a general strike.

BIG CROWD GREETED KARL LIEBKNECHT AT ST. PAUL. St. Paul, Minn., Nov. 8.—Mozart Hall was crowded to the doors last night when Karl M. Liebknecht, one of the most influential leaders of the German Socialist movement and present member of the Reichstag, spoke on "War and It's Effect on the Working Classes."

URUGUAY AFTER INSURGENTS. Montevideo, Uruguay, Nov. 8.—The insurgents have captured Nico Ferris, a small town about 125 miles north of Montevideo. The government is still sending troops into the interior.

## "IT'S ALL OVER BUT THE SHOUTING"

## VOTING DELAYS STRIKE CRISIS

### Meetings to Decide Question of General Teamsters Walkout Are Delayed.

New York, Nov. 8.—The election intervening today postponed for at least a day the calling of a general teamsters' strike in New York. No meetings are scheduled today by either the express drivers or the express companies but a lot of secret work is being done.

Decides Tomorrow. Tomorrow the executive council of the International Brotherhood of Teamsters will cast the die one way or the other.

Companies Stand Alone. The express companies are practically alone in their position, which is still a refusal even to promise the strikers that none of them would be discharged for having joined the strike.

See Good Chance. It is probable that they will take advantage of the situation to seek better conditions of employment for themselves, in which event nearly all of the taxicab drivers are expected to go out.

Watchers Plan to Prevent Old Party Crookedness in Counting Vote.

## 'VOTE RIGHT!' IS SOCIALIST PLEA TO VOTER

### Watchers Plan to Prevent Old Party Crookedness in Counting Vote.

This is the message which greeted every voter in the Twentieth ward today.

Voters Handed Card. In each instance the voter was handed a little card which told him to "Try the Milwaukee Way."

Sees Socialist Tendency. The statement of Dr. Albert Sudekum, Socialist member of the German Reichstag, that in his western tour from New York, where he arrived several weeks ago, he had noticed a strong tendency toward Socialism gave encouragement to local German Socialists.

Heavy Early Vote. There was a heavy early vote at the polls. The Chicago Press generally concedes the Socialist party a lead.

## WEATHER INDICATIONS

The official weather forecast for the thirty-six hours ending tomorrow at 7 p. m. is as follows: Chicago and Vicinity—Generally fair tonight and Wednesday; rising temperature; moderate variable winds becoming southerly and increasing.

Illinois—Generally fair tonight and Wednesday; rising temperature.

Indiana—Fair tonight and Wednesday; rising temperature.

Lower Michigan—Clouded weather, with snow flurries tonight and Wednesday.

## ENGINEERS TAKE VOTE ON STRIKE

### Sixty-One Railroads Are Involved in Negotiations Now Pending.

The strike vote which was ordered to be taken by the 23,000 members of the Brotherhood of Locomotive Engineers will be counted between the 10th and 12th of December in Chicago, and will, it is expected, be 98 per cent in favor of a strike.

Negotiations After Canvass. It is considered possible that arbitration under the Erdman act may be finally resorted to. Sixty-one roads are involved and the territory affected reaches northwest and south from Chicago. The mileage of the roads is 136,000.

Officials Return Home. Immediately after the reaching of the deadlock yesterday the taking of the vote was ordered and the representatives of the union went to their respective headquarters to superintend the issuance of the strike ballots.

SWEAT SHOP VICTIM ATTEMPTS SUICIDE: "TOO TIRED TO LIVE". New York, Nov. 8.—A victim of the sweatshop, Samuel S. Silbrone, 15, tried to kill himself today because he was "too tired to live."

GARRISON THREATENS MUTINY. SULTAN REPORTED DYING. Constantinople, Nov. 8.—In order to escape by flight from the ravages of cholera the local garrison is threatening to mutiny. The barracks are in a wholly insanitary condition.

NEW PARTY LOCALS. During the months of September and October sixty-one party locals were organized in the state of Texas.

## GARMENT STRIKE SPREADS; EFFORTS OF SPIES BALKED

### Chicago Federation Officials Meet With Strikers' Delegates. Financial Aid Is Pouring in From All Organized Labor.

The executive board of the Chicago Federation of Labor held an individual meeting this morning until noon. After the individual session the board adjourned and went into a session with delegates from the striking garment workers.

More Join Strikers. Several more thousand garment workers from Schenbrun, the Universal Clothing Co., corner Desplaines street and Jackson boulevard, have walked out.

Teamsters Aid Struggle. John Trotter, business agent of the Teamsters' union, declared that the question of forbidding teamsters to deliver coal or other goods to the strike-bound homes would be put to a vote at the next meeting of the union and that undoubtedly the teamsters will vote to aid the garment workers in their attempt to freeze out the scabs.

Workers Enraged. Mutterings among the garment workers in other cities are growing stronger. The persistence of the agreement between the Chicago Manufacturers in sending work to shops in other cities is annoying the workers and meetings are being held in every big city in the United States for the purpose of deciding whether or not these are to walk out on a strike in sympathy with their Chicago brothers.

Watch Federation. The action of the executive board of the Chicago Federation of Labor which is in session this morning is being anxiously awaited.

Credentials Issued. The Women's Trade Union league has issued credentials to collectors signed by Miss Emma Steghaus, secretary, which authorize the bearers to collect donations for the garment workers.

Houses Closed. Every one of the strike-bound houses are closed today because the chief of police needs the police at the election booths and polling places.

Spies' Efforts Fail. The spies began to work once more by hysterically asking the crowds to charge Noren, but the strikers had regained possession of their leveled brains and no power on earth could force them to repeat the logical and foolish outbreak of the afternoon.

Characteristic of Campaign. The main characteristic of this campaign was the mud-throwing by McGee and Cocheas, the main defenders of the Republican cause.

Constantinople, Nov. 8.—In order to escape by flight from the ravages of cholera the local garrison is threatening to mutiny. The barracks are in a wholly insanitary condition.

NEW PARTY LOCALS. During the months of September and October sixty-one party locals were organized in the state of Texas.

LABOR THE WORLD OVER

Thank God we have a system of labor where there can be a strike—Abraham Lincoln.

NEW ZEALAND VICTORY IS A CALL TO LABOR

Capture of State Powers at Ballot Box Gives America Lesson.

Still another great victory has been won by the labor party in Australia! New South Wales has fallen before the triumphant march of the working class party!

Brief dispatches in foreign newspapers show that the conservative-liberal fusion government has lost nine seats, thus giving the labor party control of the state administration by a majority of two.

Among those who went down to bitter defeat was Premier Wade himself. Boilermaker, as Premier.

The next prime minister of New South Wales will be MacGowan, boilermaker.

Less than two years ago the liberal-conservative strength in the New South Wales legislature was 58 to 22 labor seats. Then came the great miners' strike.

Premier Wade heard his master's voice and forced a law through the legislature forbidding picketing and boycotting or even meetings of unions to discuss strikes, etc.

Labor Leaders Jailed. Half a dozen labor officials were thrown into prison, one being Harry Holland, state secretary of the Socialists.

Wade and his political friends were roundly condemned and every special election that occurred resulted in a victory for the labor party.

There is a great lesson in this latest Australian victory for the working men of the United States.

Time to Act. It is high time that they, too, strike back at their oppressors.

In every state in the union labor has plenty of reason to strike against those who have wielded tyrannical powers and sought to brutalize the working class.

INDOUBTED BY UNION LABOR

The Illinois State Federation of Labor and the Chicago Federation of Labor have both endorsed the Daily Socialist because it is of great value to unionism at all times.

TAKE NOTICE

The Daily Socialist continuously seeks to make the workers of interest to every workingman within its reach.

Bricklayers, S. J. Clark, 314 E. Halsted.

TAFT FLOUTS LABOR'S PLEA

President Shelves Request for Extension of Vacation for Panama Workers.

Washington, D. C., Nov. 8.—President Taft has practically shelved the request of the "per diem" men at work on the Panama Canal for a holiday long enough to permit them to visit their homes in the United States.

A holiday of fifteen days they are allowed now, but this length of time, the committee pointed out to the president, would be entirely consumed on shipboard if the machinists, railroad men, steam shovelers, shop men, or any of the "per diem" wage workers would desire to use their vacation in seeing their folks at home.

On the other hand the "salaried" men who are not members of trade unions, as allowed six weeks' vacation. The blackest part of all this, assert members of the committee, is that the men were promised vacations of sufficient length in which they could come home before they agreed to go to the Isthmus.

When first seen by the committee President Taft was all smiles and agreed as to the plain justice of the case; but after a week or two of waiting for something more tangible than smiles and handshakes the committee pressed for a decided answer and got the final jelly-fish evasion that the president must further investigate the case during his proposed trip to Panama.

Did Not Probe. All the investigating that the president may do cannot shorten the trip between the Isthmus and home; in the unanimous opinion of the designated committee who are not backward in asserting that every request of organized labor is being covertly opposed by the administration.

Professor Burman Foster of the University of Chicago recently made a plea for better surroundings for the laboring man. He said: "On every hand you hear the demand for social reform. And regularly you hear the reply: 'First make the individual better. If men were better, braver, more industrious, these conditions would soon be better. But the question remains, how are we to get this new and better man? What can be done about it?'

"Let the wage be such that the laborer can have a home of light and joy and sunshine in a decent locality. Let the laboring men's women not have to go to the factory and day's work outside, but have time and strength to be women, mothers, wives, and make cheerful homes. In this way we can help them to achieve an inner life."

OTIS ELEVATOR MEN WALK OUT IN EASTERN CITIES. Boston, Nov. 8.—A general strike of elevator constructors employed by the Otis Elevator company in various cities of the country, has become effective. One hundred men in Boston, others in Springfield, and many in Brockton were among those called out. The strike originated in Chicago, where a disagreement over wages occurred some time ago.

EQUIP 6 MINE RESCUE CARS

Oxygen Helmets Provided to Lessen Fatalities After Accidents.

Washington, D. C., Nov. 8.—Six life saving cars for rescue work in case of coal mine disasters, are now being equipped by the Bureau of Mines and will be located within a few days in the midst of the different coal districts of the country.

The terrible loss of life in American coal mines finally forced Congress to take some action, for it was shown that where, in foreign countries, from one to two miners were killed in every 1,000 employed—here, in the United States, the average was from three to five lives wantonly sacrificed.

A mining engineer and a surgeon of the American Red Cross will accompany each car and deliver illustrated lectures on the use of explosives, electrical equipment, fire prevention, sanitation and first aid surgical treatment.

Each car will contain eight so-called oxygen helmets, a supply of oxygen in tanks, one dozen safety lamps, one field telephone with 2,000 feet of wire, resuscitating outfits and a small outfit for use in demonstration and actual practice of equipment relating to first-aid-to-the-injured in connection with mine accidents.

Brought Loss of Life. The absence of these helmets at most of the great mining catastrophes in the United States has resulted in a terrible loss of life. The helmets proved their worth at the ill-fated Cherry mine, when the rescuers succeeded in getting twenty men out alive after they had been entombed seven days.

FAKE "RELIEF" FROM POLICE

Relative of Girl Striker Is Filched Under Eyes of "Protecting" Officials.

A member of the Women's Trade Union League's strike committee today told the story of how the family of one of the striking garment workers was filched out of the sum of \$15 by a woman who represented herself as an officer of the Juvenile Court.

Miss E. Brabinwaska, a 17-year-old girl employed by Teason & Co., at 1265 West Division street, was picketed in front of the shop when an officer arrested her and took her to the Higgins street police station.

A charge of throwing a brick at an officer was then entered and the girl was thrown into a cell. While she was there a woman visited her and on the promise of securing her release obtained the address of a married sister with whom the girl was staying.

The woman visited the sister of the girl and demanded \$15 to secure the girl's release. "If you do not hand the money over," she demanded, "your sister will be sent to Joliet to remain in prison for a year."

The frightened woman, whose husband receives the meager salary of \$9 a week in a mail order house, went to the pantry and turned the sum demanded over to the woman.

PARTY NEWS

BRANCH MEETINGS TONIGHT. The 12th ward, Havana's hall, 3145 West 23rd street.

STILES & COLUMN

CONDUCTED BY WM. CHERNEY

Count votes to-day; then make some more to-morrow.

MARKETS

CASH GRAIN—CHICAGO, NOV. 7. WINTER WHEAT—Closed a shade lower. Track lots of No. 2 red sold at 94 1/2c.
