CHINESE FACTORIES UNITED WITH NEGRO LABORERS TO GATHER HERE

IMPERIALISTS USE MODERN AND OLD TRICKS AGAINST THE KUMMANTZ

By Li Lijih Chin. (Correspondence from Peking.)

PEKING, Sept. 1.—(By Mail).—We pointed out in our previous column that we are seeking new forms of development in China; organizing terrorist acts against prominent revolutionaries, and inciting "attacks" of the "masses of people" against labor movements.

The British Imperialist press generally communicates that to counterbalance the societies organized for struggling against imperialism and for conducting an anti-imperialist boycott, the "Kommantz" and the country are beginning to raise their heads, and are consequently making a stand for the "Kommantz" in China, against the British Empire.

WU PEI-FU GATHERING ARMES AGAINST CHAINS; PEKING COMPROMISES

BHANGHAI, Oct. 23.—Wu Pei-fu, arriving at Hankow, says the time has come to correct the "misadministration of the society by force and return to a legal basis. He says that the Chinese provinces have asked him to take the lead against Chang-Tsun-wei. He says he hopes for the aid of Feng-Yu-hsiang, who is waiting to move out to begin the tariff conference, since Wu's own night is now over and he is cleared legally.

The Peking government is trying to ease itself and the imperialism with wholesale commination and a material display with the opposition, but the time for such a compromise is past. Chang-Chueh-shan, commander of Shanghai, has ordered the northward advance of the armies of Peking and Chang Tsin K'ai Farmer.

BHAVANNA, Ill., Oct. 23.—Francis M. Kavanagh, farmer, was instantly killed and his son, Neville, 25, was fatally injured from a collision which stalled on a Burlington crossing at Baking was struck by a limited train.

GOVERNORS ASK REPEAL OF TAX ON RICH HEIRS

Congress May Probe New Scandal
(Special to The Daily Worker)
WASHINGTON, Oct. 23.—Calvin Coolidge and his secretary of the treasury, Andrew D. Mellon, are asserting all their national political prestige before the coming of the session of the legislature in Washington, by their support to the Coolidge-Mellon drive for abolition of federal inheritance taxes.

A provision of state government and their representatives bill by the ways and means committee, which is framing the new tax law, today and their support to the Coolidge-Mellon drive for abolition of federal inheritance taxes.

The repeal and vigor of the drive for repeal of the death tax on the part of the American People to the congressional fathers of the new law—no such man. In fact, the several members of the committee suggested it might be well to "invent" a new law to increase the tax.

AS BRITISH INFLUENCE IS SEEN URGING AGGRESSION BY GREEKS

(Special to The Daily Worker)
PARIS, France, Oct. 23.—Arlette Briand, French foreign minister, and president of the council of the league of nations, has officially called that body to meet Monday in this city and investigate the cause of the border incident between Bulgaria.

A French official opinion views the situation with alarm and no effort is made to conceal the fact that they consider the Balkans is likely to flame into another European war. It is not thought that England, the backer of Greece, is desirous of a conflict. It is unquestionably the power of Britain behind Greece that has encouraged that nation to take such aggressive measures.

The French ruling class is sympathetic toward the Zankov terror that rules Bulgaria, because of heavy financial investments in this country.

CAPITAL CONCENTRATION SHOWN BY GOVERNMENT REPORT; 1,000 FIRMS CONTROL HALF OF PROFIT

(Revised Press Industrial Editor) If you pick the right case, control of 1,000 corporations means control of just about half of the country's corporate profits. Yet these 1,000 are the members of the Committee for the Study of Concentration of Interests reported in 1923. This is the story of concentrated profiteering by the big trusts, told by figures in "Statistics of Income for 1933" issued by the Committee for the Study of Concentration of Interests...

The figures show a group of 15 corporations with combined net income of \$1,231,549,250. The 1,000 firms with the next 1,000 largest net incomes averaged \$1,231,549,250.
