ELECTION SPECIALS TO "THE SOCIALIST"

SPECIAL FROM MASSACHUSETTS.

Haverhill, Mass., Nov. 6, 1902. The Socialist, Seattle, Wash. The battle in Massachusetts is over and we have won a signal victory. The state has been stirred up as it has not been stirred for years. Our gain has been tremendous, over 210 per cent increase over last year. We polled 33,000 votes against 10,800 last year. Elected Carey and MacCartney. Added one representative to our number from Brockton and were defeated in several representative and senatorial districts by very small margins. Gain in general throughout state. Nearly 9,000 in Boston against 1,281 last year. Vote came largely from organized labor, who now recognize the Socialist Party as the party of the working class and the party of industrial emancipation. Massachusetts leads the hosts of labor on to victory.
 JOHN C. CHASE,
 Ex-Mayor of Haverhill and Candidate for Governor.

SPECIAL FROM COLORADO.

Denver, Colo., Nov. 6, 1902. The Socialist, Seattle, Wash. No reliable information can be obtained yet. Conservative estimate of Socialist vote in this state is 12,000 or 6 1/2 per cent. We have 2,500 in Arapaho county and Denver.
 GEO. T. CRAMTON.

SPECIAL FROM PENNSYLVANIA.

Philadelphia, Pa., Nov. 6, 1902. The Socialist, Seattle, Wash. Partial returns from five counties in the coal fields that gave Debs for president 699 votes shows 7,758 votes for Slayton. Estimated vote of coal fields 10,500. Partial returns from 16 counties that gave Debs 2,908 give Slayton 15,846. Fifty-one counties yet to hear from. These counties gave Debs 1,923 votes. In nine towns we have an absolute majority. In 22 towns a plurality. Total Debs vote 4,831. Estimated vote this year 20,000.
 J. MAHLON BARNES,
 Candidate for Congress.

SPECIAL FROM MONTANA.

Butte, Mont., Nov. 5, 1902. The Socialist, Seattle. The least estimate in this state is 5,000. This county, 1,500. Gain, 500 per cent.
 J. F. FOX,
 State Committeeman.

SPECIAL FROM CALIFORNIA.

Los Angeles, Cal., Nov. 5, 1902. The Socialist, Seattle. Partial returns indicate great increase of recorded Socialist votes. Thousands thrown out through putting cross on space containing words "No nomination." We become an official party. Rumors of fraud are rife.
 JOB HARRIMAN.

SPECIAL FROM CALIFORNIA.

San Francisco, Cal., Nov. 6, 1902. The Socialist, Seattle. The following are the Socialist returns:
 Average city vote for state officers, 2,436. Highest 2,681, lowest 1,977. Oakland 1,000, Vallejo 215, San Diego county 617.
 Oakland Union Labor and Democratic fusion ticket elected one justice of the peace, one state senator, six assemblymen and one M. L. Independent assemblyman.
 Union Labor and Democratic fusion elected Livernash, "The Examiner's" candidate in 4th Congressional District by 215 plurality, and in 5th elected Wynn by large majority.
 ALVIN APPEL.

SPECIALS FROM WHITMAN COUNTY, WASH.

Oakdale, Wn., Nov. 5, 1902. The Socialist, Seattle, Wn. Socialist vote of Oakdale city precinct is 15. Country precinct 16.
 GRAHAM.
 Palouse, Wn., Nov. 5, 1902. The Socialist, Seattle, Wn. Socialist vote seven in east precinct. S. L. P. two. Socialist vote in 3000, one.
 F. M. MARTIN.

Compromise is Capitalist. Truth is Socialist.

The elections of 1902 are ended. The Socialist Party has every reason to congratulate itself on the result. Everywhere there appears to have been a healthy progress. It is impossible to say just now how great the gain has been over 1900. But it is safe to predict that the returns will reveal a vote at least twice that of 1900. We then had about 100,000 votes in the United States. Massachusetts alone now reports 33,000 cast for Chase as governor. There are 20,000 more in Pennsylvania, 12,000 more in Colorado, 25,000 more in New York, 20,000 more in Illinois, these five states alone now equalling all the states two years ago. There are many who confidently believe the present election will show a half million Socialist votes. Take the vote of this state, for instance. In 1900, Washington gave Debs about 2,000 votes. All present indications point to a trebling of this at the present election. If this ratio is preserved throughout the country, we shall poll at least 300,000 votes. It would be enough. But we shall soon see. It will take a month to get the returns all in. In any event, we go on just the same. A few votes more or less don't phase us. "Our own shall come to us."

"The Socialist" has taken considerable pains to provide its readers with the earliest news from all parts of the country. We are one day late this week in order to get this news. We usually go to press Thursday afternoon and that is too early to get any returns as the count is not completed in many places till Wednesday evening. The telegrams printed on this page give indications from the centers of interest. We know how eager all the comrades will be to get the news.

The working class deals with facts. It is unskilled in tricks. Diplomacy is not its native element. It will always be beaten at compromise.

CAPITALIST SILENCE.

The dailies in this corner of the footstool are as dumb as dumb on the matter of Socialist votes. The Seattle papers give not the slightest indication of the existence of a Socialist candidate or a Socialist vote. They give "COMPLETE RETURNS" with footings all made out to correspond with the items, and 600 Socialist votes not so much as hinted at. It is really very funny for papers which profess to be printed to give the NEWS. Here it is Friday in Seattle and the election occurred on Tuesday, three full days ago, and a reader of any daily paper in Seattle must remain in complete ignorance of the fact that any Socialist votes were cast in this city. Concerning the most startling fact of the election, namely, that the Socialist Party has doubled its vote in eight months, they are as dumb as chumps. People are asking on all hands, Didn't the Socialists get any votes? And the dailies dare not reply for fear people should do some thinking about this wonderful growth. But we don't care. People will buy more Socialist newspapers—the only papers that really dare to print the news and all the news.

A good fighter always despises a man who "lays down" before him. That explains why Union Labor did not vote for the Socialist state ticket in Frisco.

Stalwart Socialism is more opportune than the Opportunists. It wins more votes.

Which do you prefer, Massachusetts Socialism or Frisco Socialism?

PLASTERED WITH SOCIALIST RETURNS

COMPANIONS IN MISERY—The Grand Old Party and a Darned Little Party

NOT TOO FAST.

Some comrades are disappointed because we won no offices. On the contrary, they ought to be glad. We are not ready to win yet. Nothing could injure Socialism much more than a rapid success like the People's Party. Temporary and local victories at present are undesirable for two reasons. First, we are not well enough educated in the laws that underlie economic progress. Our representatives would therefore make foolish blunders and discredit the party. Second, so little can be accomplished at the best without national power that people would be disappointed that so great professions should show so little done. Comrades should understand that we engage in campaigns mainly for educative purposes and as an index of our progress. It is a good thing to count noses once every year or so, to see how well our educational work is progressing. A political party is like a child. It does not jump to maturity in a day or a year. Nor does it thrive on "hot air." It needs opposition and exercise to harden it into the strength and steadiness of manhood. The Socialist Party in the United States is growing plenty fast enough to be safe for it.

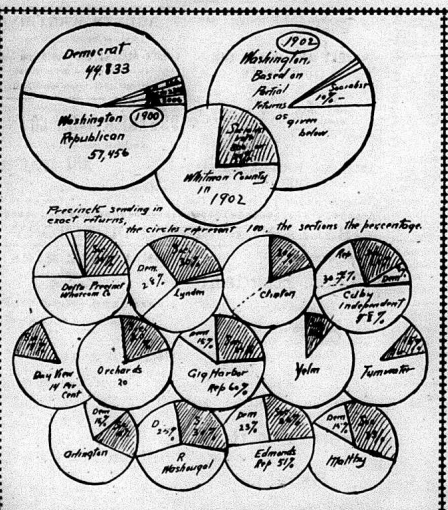

Read Chase's report from Massachusetts and see how the Unions come over to stalwart Socialism. You can never win a man to the right by agreeing with him when he is wrong. Frisco Socialists take notice.

ENTIRE STATE OF WASHINGTON.

Returns from country precincts come in slowly. Our comrades are not well drilled in watching and reporting returns. We urge them all to send in reports now. It is not too late. But be ready next time to stay at the polls and furnish the news. From all parts of this state the comrades are clamoring for news. We cannot give the news unless you give it to us. You cannot get the news from the rest unless you yourself give your portion. However, from the reports herewith published, we gather that the country is doing itself proud. If these are real "straws," we shall come pretty close to high water mark we set, 10,000 votes. Those who "guessed" on our votes must possess their souls in patience for almost a month, as the state auditor's report must be awaited. We can be sure all bets on 5,000 are safe and the probabilities point to at least 6,000, which will be about 7 per cent of the entire vote cast. It is not unlikely that Washington will stand next to Massachusetts in percentage of Socialist votes cast.

FIRST LESSON FROM FRISCO SOCIALISM.

The special dispatch to "The Socialist" on this page from San Francisco is illuminating. It will be remembered that the Socialists of that city refrained from putting candidates of their own because the Union Labor Party had candidates in the field. The Union Labor candidates were practically all Democrats, pledged to vote for a Democratic United States Senator. So now we have two Democratic Congressmen and six Democratic members of the legislature elected by Socialist votes. In return for this surrender to the Union Labor Democrats, it was expected that Union Labor would support the Socialist state ticket. But it appears that the Socialist state ticket in Frisco gets only about the same vote as Debs had two years ago, in the neighborhood of 2,000. The only thing which Frisco Socialism of the latest variety seems to have accomplished is the election of several Democrats to important offices. The Democrats are no doubt grateful and in the natural and usual order of Capitalist politics should be ready to pay their debts with some lucrative appointments distributed judiciously among their allies. The Opportunists don't even accomplish their chief aim, namely, the winning of votes.

"Education in True Economics"

A Few Facts Concerning Kansas and Pennsylvania. The Bort of Literature You Pay For to Educate the Miners. A Thousand Dollars Worth Which Has "Accomplished Wonders." A Pretty Little Letter From the Coal Fields. Agitator is Agitated. Seems to Have Good Cause.

The letter printed below was the first intimation we had received that there was such a thing as the "Anthracite Propaganda Fund" contributed by the "Appeal Army." We have been too busy to notice what everybody else was doing and we should not have suspected anything wrong if we had noticed.

In order that others may understand what our Socialist letter writer is so hot about, we clip a few lines from the "Appeal to Reason" of Nov. 1, which will explain:

Anthracite Propaganda Fund Closed.
The strike is ended and the fund contributed so generously by the Appeal Army has been expended in over a thousand dollars' worth of literature which has accomplished wonders in the education of the Pennsylvania miners in true economics. As the election is so near it is deemed best to close the fund at once. Considerably more than the amount contributed has been sent out and the Pennsylvania comrades deserve praise for the careful and painstaking care they have exercised in placing the papers, magazines and books where they have done so much for the cause.

"DUMPED INTO THE SWIFTLY FLOWING LEHIGH."
Mauch Chunk, Pa., Oct. 30, 1902.

Dear Comrade: The experience I am getting as an agitator has a tendency to make me try to keep "cool" at all times, but there are moments when I get hot—and this is one of them.

There are a dozen or so of us down here trying to educate the working-men into socialism, and a Socialist profit monger out west is using the anthracite region for a dumping ground for his job lot of many-pamphlet, Utopian, modified and absolutely harmful "literature," which has been packed in the back of each of the office boxes the editor bought it at a bargain from the Ruskin colonialists with a view to realizing a profit later. This is the stuff being checked out on the \$1200 subscription list of the "Army." The penalties of the proletariat being used to pay for stuff that is absolutely harmful and of such a nature as to make Socialists the laughing stock of those whom they are trying to reach.

A whole mess of this kind of junk was sent to Mauch Chunk, consigned to the comrades, and \$2.35 freight due!

I've got to quit now—I might say something that would not look well in print, and would hurt the "inventor of socialism" and "real founder" of the movement.

P. S. After the consignment of "literature" was opened, and the comrades "came to," a few samples were kept out, so that we could be sure we were not the victims of hallucinations, and the mess was dumped into the swiftly flowing Lehigh.

Edited at the residence of the author, 1000 Second Street, New York.

We give herewith a fac simile reproduction of the cover of the book referred to by our comrade in his letter. It is a heavy little pamphlet of 28 pages, sub-titled "The Argument From Astronomy." There is not a hint of Socialism in it—except a line or two on the last two pages demanding "United interests and industries among the children of men," while all the long, tedious pages are fairly illustrated by the following extract, with which the essay is introduced. And this is propaganda among the miners!

We ought to add that the last page of the cover contains an up-to-date appeal to the miners to subscribe for the "Appeal."

GOD IS LOVE
And Man's Life Endless

The Argument From Astronomy.

Outside of the teachings of the Christian religion there are two kinds of proof of the continued existence of man after the death of the flesh body. One is made up of a great many confusions and reasonings, drawn from the nature of the human mind, from the relations of human beings toward each other, and from the reasons in which they live—a number of reasons which, when massed together into a focus and presented to a reasonable and unprejudiced mind, show, if it would see, force convincing and leave not a particle of fog on the subject.

The other proof is the mountain of testimony to the fact of man's continued existence given by Spiritualists—of more properly, Spiritists. Here, while there has been much trickery, imposture and counterfeiting of genuine phenomena (counterfeit always implying and proving that a genuine must exist) there is, nevertheless, an immense mass of utterly incontrovertible facts, in which facts figure some of the most eminent names in science and literature in both hemispheres. Witnesses to and believers in these well-attested facts need no arguments, no reasonings, to prove them the continued existence of departed relatives and friends, whom they can see, hear, feel, and converse with as if they were before them. (See the work by the widely known author, Florence Maryatt, entitled "There is No Death" (John W. Lovell Co., New York); also Howitt's "History of the

H. GAYLORD WILSHIRE.

H. Gaylord Wilshire was born in Cincinnati, Ohio, in 1861. His father, George Wilshire (deceased, 1890), was a wealthy man, director in several railroads and gas companies, largely interested in the Standard Oil Trust, president of a national bank, etc. Mr. Wilshire, after leaving Harvard University, went into mercantile pursuits in Cincinnati. In 1884 he went to California and engaged in orange and walnut growing. He became an avowed Socialist in 1887, and in 1888 assisted in the founding of a Socialist paper in Los Angeles, entitled the "Weekly Nationalist." He ran for congress in 1890, as the only non-

SOCIALIST VOTE IN SEATTLE.

Socialist Party.
1900: For Supreme Judge 153
1902: For Supreme Judge 616
Doubled twice in two years or a gain of 300 per cent in two years.

Socialist Labor Party.
1900: For Judge 191
1902: For Judge 180
A loss of 11 votes during two years.
Total city Socialist vote at present: 796 or over 7 per cent of the total vote cast.

Another Way of Looking at It.
In the spring election of March, 1902, in an exciting city campaign calling out 13,000 votes, the Socialist Party polled for Mayor 314 votes, or less than 2½ per cent.

Now, only eight months later, in a dull campaign calling out only 11,000 votes, the Socialist Party polls 616 votes for the head of the ticket, almost exactly doubling its vote in less than one year and more than doubling its percentage, rising from less than 2½ per cent to more than 5½ per cent.

Still Another Way.
No capitalist party casts as many votes this election as in the city election last spring. But the Socialists have doubled their vote while the others actually decreased.

Socialist Vote in King County.
In the Debs campaign of 1900, this county, of which Seattle is the centre, cast 259 votes for the Socialist Party, being less than both Pierce and Whatcom counties. This year the number is increased to 929, the county outside Seattle casting 313 votes. About half these 313 are from the suburbs of Seattle, Ballard 44, Renton 31, Duwamish 30, South Park 21, South Seattle 14.

The S. L. P. receive 115 votes, in county outside Seattle, making their total in King county 295.

Adding together the S. P. vote of 929 and the S. L. P. vote of 295, gives 1,224 Socialist votes in King county, or a little over 7 per cent of the entire vote.

We are not attempting to give the detailed vote of Seattle and King county this week. Next week we shall have the precise vote. We are only able to give the totals by having secured access to the polling books earlier than any other paper in the city. The largest votes in this county besides those already named were cast in Issaquah 15, Leary 11, Meridian 9, North Bend 7, Preston, Richmond, Sammamish and Avondale, 5 each.

In Seattle, the nine wards give the following summary: 1st ward, 87; 2d ward, 46; 3d ward, 26; 4th ward, 41; 5th ward, 65; 6th ward, 111; 7th ward, 77; 8th ward, 53; 9th ward, 101. These figures are based on Scott's vote for Congressman, making a total slightly less than Neil's vote for judge. The banner precincts are the 2d of the 6th, 40 votes; the 1st of the 6th, 25 votes; the 5th of the 6th, 21 votes; the 1st of the 7th, 21 votes; the 6th of the 1st, 21 votes; the 2d of the 9th, 10 votes, and the 1st of the 8th, 18 votes.

Our watchers in Seattle report quite uniformly on one point. They were surprised to find how many S. L. P. ballots were "scratched," while the Socialist ballots were almost invariably "straight." This shows a demoralization in the ranks of the "old guard"

that is quite significant and sad. Either there are very few clear cut Socialists left among them or they have lost their grip.

There can be no doubt the S. L. P. got many votes intended for the Socialists. So far as known, for instance, there is not a single S. L. P. man in Renton, Washington, yet they received 11 votes there. In fact, one of them afterward said he hunted all over the ticket for the leading "Social Democrat" and finally concluded "Socialist labor" must be the workingman's ticket he wanted to find. He was much disgusted when he learned they were opposed to Labor Unions.

line of the Socialists in Southern California, and polled 1,100 votes. In 1891 he left for London, England, from Los Angeles, but on route he was persuaded to run for attorney general of New York, on the Socialist Party ticket. The ticket polled about 15,000 votes in the state. Mr. Wilshire voted cast in 1891 to 1895 in London, England, and did considerable speaking throughout Great Britain. He was nominated in 1893 by the Social Democratic Federation as candidate for parliament for Salford, England, but was compelled, for business reasons, to return to America before the election was held. He was nominated by the Socialist Party for congress in 1900 from Southern California, and polled nearly 4,000 votes, running 2,000 ahead of the Socialist ticket, and putting the largest Nations Own the Trusts." The paper met with great success in getting subscribers; so much so that it was moved from Los Angeles to New York in September, 1901. The attention of the United States postoffice was drawn to the success of the paper as a teacher of Socialism, and it was indirectly suppressed by having publishers' names withdrawn from it. Mr. Wilshire then started in New York "Wilshire's Magazine," but this met the same fate at the postoffice as "The Challenge," and it was then removed to Toronto, Canada, where it is now published. Mr. Wilshire gained considerable notoriety a year ago by offering W. J. Bryan \$10,000 if he would enter into a debate with him upon Socialism, London, Eng.
