● The origin of the FRELIMO

FRELIMO formed on 25 th june, 1962, is the result of the union of the mozambican nationalist groups and the merging of the three main mozambican nationalist organizations - UDENAMO, MANU and UNAMI.

The first National Congress held in Dar-es-Salaam on September 1962 established a programme of immediate action to liberate Mozambique.

● New Year Message to the Mozambican People,

" ... We must consolidate our political organisation by creating new circles of FRELIMO militants, in the harbours, in the mines, in the factories, on the railways, on the plantations, in the timber mills, in the villages, in the schools and in the offices. Everywhere the militants of FRELIMO must be present, responsible and dedicated, able to develop the forces of the struggle and adapt them to each place, and to carry on the action with efficiency... "

● FRELIMO supports the principles of Bandung and Moshi

During the Dar-es-Salaam Congress, FRELIMO expressed its support of the principles of the Afro-Asian Conference of Bandung and later to the resolutions and General Declaration of the Afro-Asian Conference of Moshi, thus widening solidarity to the Latin American peoples fighting against imperialism.

LONG LIVE AFRO-ASIAN SOLIDARITY
