Dear Mr. Administrator,

I have the honour to inform you the attitude towards
the Angolan patriots;

Besides African solidarity which our Republic's
Government has freely and entirely supported lately at the Addis
Ababa Conference, the following measures must be applied consider-
ing the liberation of Angola.

- 1 - To grant freedom of action to each Angolan
nationalist movement when such an action is
not opposite to the Congolese internal
public order.
- 2 - To grant free passage of the troops going
into Angola with a previous notice for the
Administrator of the Territory who will
protect the Congolese population and have it
stay away from the border.
- 3 - To allow the Angolan patriots to organize
their own Angolan institutions to hasten the
liberation of Angola.

Dr. Agostinho Neto
President of the People's Liberation
Movement of Angola "M.P.L.A."

Dear Mr. President,

The Kwango Government Legislative Assembly has registered with gladness the statement on Angola and other African territories liberation in Addis Ababa.

You cannot imagine, Mr. President, our great and untold happiness for the cheered adoption of the African Unity Charter by our National Parliament. This Conference resolutions recommend the eradication and burial of the colonial regime throughout Africa.

The Kwango province at the Congo-Angola border is keenly interested in the fight against Portuguese government. We actively share the highest organisation decisions and we cannot refuse our neighbour's stretched hand asking the most elementary encouragement and aid.

Through their combined efforts on solidarity and brotherhood, the African people will persuade international opinion to see that the fight carried on by some African territories for their independence is not a personal affair but a very common and indivisible issue for all of us.

May you keep on as solidary, keen and united freedom fighters."

Dear Mr. President,

I have your letter Ref. PRES/295/43/64 of 11th March 1964 addressed to our Minister of Public Health. I am Director of his Cabinet.

I was given this letter to study it deeply. Therefore, my feeling as the Liberal Progressist Party President and those of the Minister as a member of the Congolese National Movement/Lumumba himself are that we can in no way advance against our brotherly Angolan people's will or depart from M.P.L.A. highly brave action. I had personally supported your revolutionary goals despite the principle of solidarity to our government.

Indeed, M.P.L.A. has been a victim of an ever unfair political game from a minister who favours, just as the Angolan government leader in Léopoldville, the intrusion of the imperialist wave either in the Congo or in the fight for final victory of the Angolan people's self-determination.

My party has recommended me to take a favourable decision for M.P.L.A. and believe me a fair outcome.

Yours Sincerely,

Dear Mr. President,

I have received your letter Ref. 285/43/64 of 16th March. It has held all my attention.

I have noticed your informations and I will try to take some steps with our leaders to have them reconsider their measures against M.P.L.A.

Meanwhile, I cannot assure you the success of my steps since measures forbidding MPLA activities in the Congo were taken after the recognition of the Angolan Government in exile.
